

# RIA Efficiency Expert: automates high-volume pipetting procedures.

The Automated Pipetting Station from Micromedic Systems is the first instrument that dilutes or dispenses submicro volumes repetitively, automatically, with finer accuracy and technique than manual pipetting. And processes 450 standard test tubes per hour.

Check these features: Continuously variable micrometer volume adjustment. Range of 2 to 1000  $\mu$ l of sample, 2 to 5000  $\mu$ l of diluent or reagent. Moving tube racks. Liquid delivery against tube wall, and automatic tip wiping between passes.

Shock-free liquid movement through Teflon lines. Push-button controls. Plus the built-in accuracy and repeatability of our Automatic Pipette.

Send for literature, or call (215) 592-2401 for a demonstration.

We publish articles and brief communications on experimental and clinical immunology.

Since the founding of this journal in 1909, when among the editors were: Paul Ehrlich, J. Bordet, A. Calmette, R. Doerr, K. Landsteiner, E. Metschnikoff, M. Neisser, Theobald Smith, A. Wassermann and Sir Almroth Wright, it has been the endeavour of the international editorial board to publish experimental papers of high quality from the most diverse branches of immunology. Thus we are giving a thorough cross-section of the current state of research in this branch of science.

Papers are to be written in either English, French or German with a detailed abstract in English.

Terms of delivery: Five issues form one volume. Subscription rate per volume is DM (Deutsche Mark) 104,— plus postage.

*(a fast friend)*

When a vital research project gets bogged down because you need essential supplies in a hurry, tell your troubles to a friend you can trust. The kind of friend you'll always find at NBCo.

At NBCo., we'll give you more than a sympathetic ear. We'll give you a helping hand. And we'll begin the instant you call. Within an hour of getting your stat order, we'll have it filled and checked five times for absolute accuracy and completeness . . . and start it on its speedy way. On request, you'll have the help you need in 24 hours, if you're located anywhere in the United States. Within 80 hours anywhere in the world.

And because we want to keep you as a lifelong friend, we'll never fail to deliver the finest quality biochemicals from our stock of more than 4000 items. And at a very nice price, because we have so many other friends all over the world.

Next time you need biochemicals, give NBCo. a call. After all, what are friends for?

Please send the NBCo. information which I have checked below to:
