THE JOURNAL OF IMMUNOLOGY[®]

OFFICIAL JOURNAL OF THE AMERICAN ASSOCIATION
OF IMMUNOLOGISTS

PUBLISHED MONTHLY BY THE WILLIAMS & WILKINS COMPANY/BALTIMORE, MD. 21202, U.S.A.
COPYRIGHT © 1973 BY THE WILLIAMS & WILKINS CO. / Made in the United States of America

Few things are more frustrating than buying a product that doesn't do the job. And, it costs time and money in redoing what should have been done right to begin with.

We at Microbiological Associates work very hard to make the best sera you can buy. It's gone through some very extensive testing before it gets to your research project . . . to make sure it will perform for you.

Our sera may be a little more expensive initially . . . but with it, there are no false starts. Consider the tests. Representative samples from each lot of our sera are: 1. evaluated in five different bacteriological media and observed for 21 days to insure absence of bacterial and fungal contamination; 2. evaluated for cell growth promoting capacity in a HeLa S3 clone system; 3. evaluated for growth supporting ability in six additional cell systems.

All bovine sera are: 4. screened in primary bovine embryonic kidney cells for evidence of agents causing cytopathic effect; and 5. are tested for non-cytopathic bovine diarrhea virus by an interference test. And finally; 6. multiple large volume samples of all sera are examined to insure absence of Mycoplasma contamination.

We've even gone one step further. We have set up a new *Toll Free Number* to our Customer Service Department in case you have a question concerning one of our products, or if you need information about your specific requirements. Call us *Toll Free*, for any reason whatsoever. **(800-638-0998)**.

INFORMATION FOR CONTRIBUTORS

Manuscripts should be sent to

Dr. Joseph D. Feldman
Department of Experimental Pathology
Scripps Clinic and Research Foundation
La Jolla, California 92037

If and when the manuscript is published, it will become the sole property of the Journal and all copyright will be taken out in the name of The Williams & Wilkins Company, and all rights in copyright reserved to The Williams & Wilkins Company.

Contributions may be short or long; the length should be commensurate with the scientific content. The chief criteria for acceptance are quality, originality and clarity.

INSTRUCTIONS FOR PREPARATION OF MANUSCRIPT

The original and two (2) copies of the manuscript, including references, legends, figures and illustrations, should be submitted. The text and all other material, e.g., footnotes, references, acknowledgments, must be typed in double space on one side of 8½" × 11" paper of good quality. The two (2) copies may be legible carbon, mimeographed or xerox copies.

A short title to be used as a running head should be typed alone on the first page. Type the complete title on the second page, and the authors' full names (first name, middle initial(s), surname) and affiliations on the third page. *The format of the Journal must be followed in typing the text and the list of references.* All material to be set in a type size different from that of the text, such as tables, case histories, quotations, formulas, legends for figures and illustrations, footnotes, and references must be typed on separate pages. Legends should not be attached to or written on figures or illustrations. The position of tables and figures in the text may be indicated on the page margin.

Manuscripts that do not conform to these specifications may not be accepted, at the Editor's discretion.

Illustrations and Photomicrographs. Photographs of figures and other illustrative material should be on glossy paper; they must be clearly marked on the reverse side with the number, author's name and orientation (top). Graphs should be in black ink on unlined or bluelined paper. If graphs exceed 9" × 12" in size, they must be accompanied by glossy photographic reproductions within that size.

For photomicrographs a better grade of paper may be used at additional cost, up to \$75.00 for a single page. Estimates can be obtained when the manuscript is submitted for publication.

Communications. Short papers, at the author's request, may be printed in the Communications section of the Journal. These papers must not exceed three (3) printed pages in length, including summary, references, tables and figures. The text of a full printed page contains about 800 words. If accepted, their publication will be accelerated, usually within three (3) months of receipt by the Editor's office. For this reason, proofs are not sent to authors, but rather to the office of the Editor. Suitability for publication will be judged on the basis of timeliness, novelty and importance by the usual refereeing procedure. The author must bear the complete cost of publication, at the rate of \$58.00 per page.

Page Charges. Authors will be charged \$58.00 per page for each page exceeding six (6) per article and \$58.00 per page for each page of a Communication.

Reprints. Reprints must be ordered in advance. A form showing the cost of reprints, together with an order slip, is sent with the galley proof. No more than 1,000 reprints of any article may be purchased. The invoice for reprints will include any charge for excess pages.

THE AMERICAN ASSOCIATION
OF IMMUNOLOGISTS

OFFICERS

Dan H. Campbell, *President*
Pasadena, Calif.

Baruj Benacerraf, *Vice President*
Boston, Mass.

Henry Metzger, *Secretary-Treasurer*

THE JOURNAL OF IMMUNOLOGY®

Information for Subscribers

Published monthly, beginning January, 1929. (From the 1916-1925, and in 1928 Volumes I-X inclusive, and Vol. XV published bi-monthly.)

The subscription price is \$48.00 per year in U.S.A.; \$51.00 elsewhere; institutions \$58.00. Single copies, when available, are \$5.00 in U.S.A.; \$5.25 elsewhere. The subscriptions of members of the American Association of Immunologists are included in the membership dues and are handled by the Association's Treasurer, Dr. Henry Metzger, American Association of Immunologists, 9650 Rockville Pike, Bethesda, Md. 20014. All other subscriptions should be sent to the publishers.

Change of address: Publisher must be notified 60 days in advance. Journals undeliverable because of incorrect address will be destroyed. Duplicates can be obtained (if available) from the publisher at the regular price of single issues.

New subscriptions and renewals are entered to begin with the January or July issue.

Subscriptions should be renewed promptly: To avoid a break in your series, subscriptions should be renewed promptly. The publishers cannot guarantee to supply back issues on belated renewals.

Microfilm. For availability, inquire of The Williams & Wilkins Company.

Reprints of individual articles are available *only* from authors.
