COMMUNICATION

P. Perez, J. A. Titus, M. T. Lotze, F. Cuttitta, D. L. Longo, E. S. Groves, H. Rabini, P. J. Durda, and D. M. Segal

Specific Lysis of Human Tumor Cells by T Cells Coated with Anti-T3 Cross-Linked to Anti-Tumor Antibody

CELLULAR IMMUNOLOGY

P. J. Wettstein

Immunodominance in the T Cell Response to Multiple Non-H-2 Histocompatibility Antigens. III. Single Histocompatibility Antigens Dominate the Male Antigen

H. Ishikawa, T. Hino, H. Kato, H. Suzuki, and K. Saito

Cytotoxic T Lymphocyte Response to Minor H-42a Alloantigen in H-42b Mice: Clonal Inactivation of the Precursor Cytotoxic T Lymphocytes by Veto-Like Spleen Cells That Express the H-42a Antigen

K.-I. Isobe, G. Kollias, A.-B. Kolsto, and F. Grosveld

T Cell Independent Thy-1 Allo-Antibody Response with the Use of Transgenic Mice

S. T. Ishizaka, C. Carnaud, and O. Stutman

Differential Susceptibility of Cytotoxic and Helper T Cell Precursors to Neonatal Tolerization to Histocompatibility Antigens

C.-C. Ting, J. A. Bluestone, M. E. Hargrove, and N.-N. Loh

Expression and Function of Asialo GM1 in Alloreactive Cytotoxic T Lymphocytes

M. A. Bookman, E. S. Groves, and L. A. Matis

Expression of MEL-14 Antigen Is Not an Absolute Requirement for Dissemination to Lymph Nodes after Adoptive Transfer of Murine T Lymphocyte Clones

C. Penit

In Vivo Thymocyte Maturation: BUdR Labeling of Cycling Thymocytes and Phenotypic Analysis of Their Progeny Support the Single Lineage Model

V. E. Kelley, D. Naor, N. Tarcic, G. N. Gaulton, and T. B. Strom

Anti-Interleukin 2 Receptor Antibody Suppresses Delayed-Type Hypersensitivity to Foreign and Syngeneic Antigens

R. L. Fairchild and J. W. Moorhead

Soluble Factors in Tolerance and Contact Sensitivity to DNFB in Mice. VI. Cellular and Lymphokine Requirements for Stimulating Suppressor Factor Production in Vitro

R. A. Sobel and R. B. Colvin

Responder Strain-Specific Enhancement of Endothelial and Mononuclear Cell la in Delayed Hypersensitivity Reactions in (Strain 2 x Strain 13)F1 Guinea Pigs

C. T. Morita, W. L. Godfrey, J. W. Goodman, and G. K. Lewis

Arsonate-Specific Murine T Cell Clones. III. Correlation between Clonotype Expression and Fine Specificity for Analogs of L-Tyrosine-p-Azobenzene-arsonate

H. Kawasaki, C. A. Martin, T. Uchida, M. Usui, T. Noma, M. Minami, and M. E. Dorf

Functional Analysis of Cloned Macrophage Hybridomas. V. Induction of Suppressor T Cell Responses

Hybrid Resistance to Parental Mast Cell Precursors in the Skin of (WB x C57BL/6) F1-W/W" Mice

P. Sarthou, D. Primi, and P. A. Cazenave

B Cell Triggering Properties of a Nontoxic Derivative of Amphotericin B

J. Mizuguchi, W. Tsang, S. L. Morrison, M. A. Beaver, and W. E. Paul

Membrane IgM, IgD, and IgG Act as Signal Transmission Molecules in a Series of B Lymphomas
