CORRECTIONS

The seventh author’s middle initial was omitted. The correct name is Brian A. Hemmings.

In Materials and Methods, the accession number should have been included in the paragraph under the heading Gene expression profiling. The omitted sentence is shown below.

The microarray data were deposited in the public Gene Expression Omnibus (GEO) database (www.ncbi.nlm.nih.gov/geo/) under accession no. GSE3491.

In Discussion, Figure 4b was inadvertently duplicated in Figure 6a. The corrected figure is shown below.

In **Results**, the first sentence of the third paragraph under the heading *Nef mutants, including a clinical isolate, can differentially affect down-modulation of MHCI vs CD80 and CD86* is incorrect. The corrected sentence is shown below. The error does not in any way change the essence of the work or the interpretation of the results.

The G2A and M20A mutants of F2-Nef behave like the corresponding mutants of NL4–3 Nef (Fig. 3C).

In **Materials and Methods**, the ethics committee research protocol number in the second sentence of the second paragraph is incorrect. The corrected sentence is shown below.

Informed consent was obtained from all patients and controls using biopsy material and peripheral blood for scientific purposes according to a local ethics committee approved research protocol (no. 78/2001).

In the **Abstract**, the year and volume are incorrect. The error has been corrected in the online version, which now differs from the print version as originally published. The corrected citation is shown above.

In the **Abstract**, the year and volume are incorrect. The error has been corrected in the online version, which now differs from the print version as originally published. The corrected citation is shown above.

In the **Abstract**, the year and volume are incorrect. The error has been corrected in the online version, which now differs from the print version as originally published. The corrected citation is shown above.

In the Abstract, the year and volume are incorrect. The error has been corrected in the online version, which now differs from the print version as originally published. The corrected citation is shown above.

In the Abstract, the year and volume are incorrect. The error has been corrected in the online version, which now differs from the print version as originally published. The corrected citation is shown above.

In the Abstract, the year and volume are incorrect. The error has been corrected in the online version, which now differs from the print version as originally published. The corrected citation is shown above.
