“Rapid Inspector” Tool is Integral Component of _The JI’s_ Electronic Manuscript Submission Process

As of October 1, 2004, _The Journal of Immunology (The JI)_ began accepting new manuscript submissions exclusively via online submission, using eMTS, _The JI’s_ manuscript submission and tracking system.

Authors of revised and accepted manuscripts must test the quality of their digital images using the preflight software **Rapid Inspector**. This step is a requirement of _The JI’s_ all-electronic production process. Preflight software is available as a downloadable Java applet by visiting: http://rapidinspector.cadmus.com/zim.

The above-referenced website includes detailed instructions on the installation of this application as well as guidelines for solving common problems with digital images. For assistance in using this tool, or in resolving problems that are reported with your images, contact _The JI’s_ digital art support team. This is a dedicated helpline for _The JI’s_ authors from which you can expect a response within 24 hours. It is available through e-mail and telephone:

E-mail: jidart@cadmus.com  
Telephone: 410-691-6211

The helpdesk will guide you through solving your problems with digital art and support you in preparing images for publication.
