CORRECTIONS

The authors wish to revise the Acknowledgments as shown below.

We thank Dr. Richard Morrison (Professor of Medicine and Microbiology, The University of Alabama at Birmingham, Birmingham, AL) for providing us with cHSP60. We are grateful to the patients, nurses, and physicians at Bixby Planned Parenthood Clinic (Los Angeles, CA).

In Figure 2, the FACS profile showing expression level of CD11c was duplicated by mistake in panel A. The error does not affect the conclusions of the paper. The corrected figure is shown below.

In Figure 6A inset, the blot representing PCR of HSF-1 knockout genotype is mislabeled. The corrected figure is shown below.
