Working for You!

The mission of The American Association of Immunologists (AAI) is to advance the knowledge of immunology and related disciplines, foster interchange of ideas and information among scientists, and promote understanding of the field of immunology.

REGULAR MEMBERSHIP BENEFITS

- Membership in the largest and most prestigious professional association of immunologists in the world
- Effective representation! Your views and concerns on research funding and science policy are brought to Congress and federal agencies by professional staff and member-driven committees who work together to advance immunology research and address issues that affect member careers.
- Voting privileges in AAI elections and actions
- Eligibility for prestigious AAI career awards and AAI travel awards
- Eligibility to serve on AAI committees; help determine the direction of AAI and serve the larger scientific community
- Reduced registration and abstract submission fees to the AAI annual meetings
- Privilege of leading major sessions at the AAI annual meetings
- Reduced registration fees to the AAI Introductory and Advanced Immunology Courses
- A subscription to *The Journal of Immunology* (print and/or online) and access to the full digital archive
- No submission fee for manuscripts submitted to *The Journal of Immunology*
- Significantly reduced color figure charges for manuscripts published in *The Journal of Immunology*
- Eligibility to serve on the Editorial Board of *The Journal of Immunology*
- Reduced subscription rates to other immunology journals and reviews
- Personal copies of the AAI Newsletter
- Membership in the Federation of American Societies for Experimental Biology (FASEB) and in the International Union of Immunological Societies (IUIS)
- Inclusion in, and online access to, the FASEB Directory of Members

To obtain additional information, please contact:

Faculty Position: Tumor Immunity And Microenvironment

The Immunology Program at the NCI-designated Comprehensive H. Lee Moffitt Cancer Center & Research Institute has an open tenure track position at the Assistant/Associate/Full Member level. We are seeking a highly motivated scientist with a strong interest and publication record in the area of tumor-induced immune suppression and molecular approaches to unravel the mechanisms involved. Successful candidates are expected to develop a strong extramurally funded research program. The Immunology Program, with its 15 faculty members, is focused on molecular and translational aspects of myeloid-derived suppressor cells, dendritic cells, natural killer cells, and T cells (www.moffitt.org). Multiple opportunities exist for collaborative studies with members of other research programs: Molecular Oncology, Drug Discovery, Experimental Therapeutics, and Diseased-Oriented Clinical Programs.

Faculty of the Moffitt Cancer Center are eligible for academic appointments at the University of South Florida College of Medicine. Academic rank is commensurate with qualifications and experience.

Application Qualifications

The successful candidate must have an M.D. or Ph.D. with at least four years of postdoctoral experience in tumor biology or immunology and high quality publications in peer-reviewed journals. Salary and start-up packages are competitive and negotiable.

Please reference position MRI06. Send curriculum vitae and a brief statement of major academic interests in one single pdf document to The Immunology Search Committee at Theresa.Alvarez@moffitt.org. Applications will be accepted and continuously reviewed until the position is filled.

Moffitt Cancer Center provides a Tobacco Free Work Environment, is an Equal Opportunity, Affirmative Action Employer and a Drug Free Workplace.

"I work for
**St. Joseph's Children's
Hospital of Tampa,**

*because it
works for me!"*

*This is your opportunity to join
St. Joseph's Children's Hospital of Tampa!*

PH.D. Tampa, FL

The Division of Oncology at St. Joseph's Children's Hospital of Tampa, a member of the BayCare Health System family, is seeking a full-time Ph.D. with recent laboratory training and experience in immunology and molecular genetics.

Start up research funds, competitive salary and benefits provided.

Interested candidates may send CV to:
Heather Thomas, Team Resources
St. Joseph's Children's Hospital
3003 W. Dr. Martin Luther King Jr. Blvd.
Tampa, FL 33607
Fax: 813-870-4813
E-mail: heather.thomas@baycare.org

INFECTIOUS DISEASE & INTERNATIONAL HEALTH SECTION CHIEF

Dartmouth Medical School and Dartmouth-Hitchcock Medical Center (DMS/DHMC) invite applications for the position of Chief, Section of Infectious Disease & International Health, in the Department of Medicine. This individual will have responsibility for the clinical, educational, and research missions of a comprehensive academic program. DHMC is a 369-bed tertiary care hospital in New Hampshire, with 500 medical and graduate students, and, along with its affiliate VA Medical Center, is a major teaching hospital for Dartmouth Medical School. The successful candidate will be board certified in Internal Medicine and Infectious Disease, have an outstanding record of scholarly achievement, original research and sustained extramural research funding, possess excellent interpersonal and mentoring skills, and possess organizational and administrative ability and experience. Applicants must qualify for a senior academic appointment as Associate Professor or Professor of Medicine at Dartmouth Medical School. Additional research/academic opportunities include participation in: programs in international infectious diseases, such as the potential for involvement in the DARDAR Programs in Tanzania on HIV and M. tuberculosis, and the Dartmouth-Boston University Fogarty AIDS International Training and Research Program. Other opportunities include extensive interactions with the faculty of the Department of Microbiology & Immunology, including a secondary academic appointment and collaborative participation in the research programs of faculty members; the NIH-funded Center of Biomedical Research Excellence (COBRE) in Molecular, Cellular, and Translational Immunological Research; the Immunotherapy Center at DMS/DHMC; and other opportunities associated with the state-of-the-art facilities and resources in connection with a major research and teaching institution.

Candidates should submit a curriculum vitae along with a letter of application and the names of three references to:

Ronald Taylor, Ph.D., Chair, Search Committee
c/o Laurel Denison, Dept. of Medicine
Dartmouth-Hitchcock Medical Center
One Medical Center Drive, Lebanon, NH 03756

Dartmouth-Hitchcock Clinic is an Equal Opportunity/Affirmative Action employer and encourages applications from women and members of minority groups.
