**Immune/Inflammatory Signaling Pathways + DC-T Cell Immunoregulatory Network**

**NEW** Antibodies, Reagents & ELISA Kits

- **ELISA Kits**: Cytokine ActivELISA™ Kits and Recombinant Proteins
  - IL-17A, IL-17AF, Bioactive IL-35 Recombinant Protein
  - EBI3, IL-23, IL-33, IL-37, MIP-3α

- **Inflammatory/Immune Signaling**
  - Gfi-1, GAB1, HMGB1, MyD88, RAGE, IIf204, IIf202b

- **TLR/NF-κB Stable Cell Lines and Screening Assays**
  - TLR/NF-κB SEAporter™ Cell Lines, TLR4/MD-2, TLR10

- **TLRs and Innate Immune Receptors**
  - TLR7, TLR10, Dectin-2, RIG-I, NALP3

- **TLR4 Signaling Pathway Inhibitor - VIPER**

- **DC-T Cell Network**
  - BDCA-2, CD123, ILT7

- **pSIVA** Polarity Sensitive Indicator of Viability & Apoptosis

---

**EBI3 (IMG-6707A)**

EBI3 dimerizes with p28 and p35 subunits of IL-12 to form new proteins IL-27 and IL-35.

---

**Validated Platforms**

- **IHC**
- **Flow Cytometry**
- **Functional Assays**
- **ELISA**
- **Western Blot**

Introducing BD FACSVerse™

What’s really exciting is what’s behind it.

The new BD FACSVerse™ flow cytometer is the latest in the family of high-performance analyzers that incorporates the best of our thinking and the very latest advances in technology to simplify your workflow today and tomorrow.

The innovations built into the new BD FACSVerse are on everyone’s wish list, from ingenious automation to unparalleled flexibility, so you can start strong today and grow tomorrow. Take a good look, there’s quite a lot to see.

For more information, please visit bdbiosciences.com/verse.

Simply brilliant.

Class 1 Laser Product. For Research Use Only. Not for use in diagnostic or therapeutic procedures. BD, BD logo and all other trademarks are property of Becton, Dickinson and Company. © 2011 BD 23-13498-00

NEED TO RECRUIT?
Recruiting through The Journal of Immunology is an economical way to reach your target audience—the immunology community.
Why pay more to reach geologists and physicists when you are seeking immunologists?

A ¼ page ad in The JI costs $840.

For further information contact:
Steve West
Media West, Inc.
856-432-1501
stevewest@ads-theji.org

SPONSORING A SYMPOSIUM OR CONFERENCE?
You can place a quarter-, half-, or full-page advertisement in The Journal of Immunology for upcoming symposia or conferences. It’s a great way to spread the word about forthcoming events! You can include important information, such as registration fees, timetables, speakers, and contact information.

For space availability and pricing, please contact Steve West, Media West, Inc.

Center for Immunotherapy Faculty Position

Under the leadership of the Director of the Center for Immunotherapy, Kunie Odunsi, MD, PhD, Roswell Park Cancer Institute is committed to further expansion of its Immunotherapy Program. The Center for Immunotherapy invites applications for the position equivalent to a Professor or Associate Professor. Candidates are sought with a strong background in Tumor Immunology and Immunotherapy, to complement and broaden the expertise of faculty in the development of cancer immunotherapy and strengthen the mission of the Institute as an NCI designated Comprehensive Cancer Center.

Selection will be based on excellence in research and potential to maintain an outstanding independent research program. Applicants will be expected to have current peer-reviewed funding and documented ability to maintain a productive research program. The new recruit will be expected to contribute to the graduate education program at the Institute and to the administrative responsibilities of the Center for Immunotherapy. The Center for Immunotherapy has successfully built a state-of-the-art cGMP Therapeutic Cell Production Facility for the manufacture of dendritic cells, T cells and other cellular products for human use. We encourage those who desire an environment that fosters interaction with a diverse group of scientists and clinicians both within the Institute and the State University of New York at Buffalo to apply.

Laboratory space in a newly opened 300,000 sq ft. Buffalo Life Sciences Complex provides a highly multidisciplinary environment, access to state-of-the-art core facilities, and the opportunity to interact with both research scientists and research-oriented clinicians from several departments.

Applicants should send their curriculum vitae, description of research accomplishments, summary of future research objectives and the names and addresses of three references to: Ms. Cheryl Krieger, Administrator, Center for Immunotherapy, Roswell Park Cancer Institute, Elm & Carlton Streets, Buffalo, NY 14263. Roswell Park Cancer Institute is an equal opportunity employer and does not discriminate on the basis of race, color, national origin, gender, sexual orientation, age, religion, disability or veteran status.
