Introducing the BD FACSJazz™
Perfectly tuned cell sorting from BD Biosciences.

The BD FACSJazz™ system begins a new era in cell sorting with stellar performance, benchtop fit, and an affordable price. The BD FACSJazz can be configured with up to 3 lasers and 8 parameters to support your application needs—offloading sorting demand at core labs or meeting the needs of individuals.

Requiring less than 2 x 2 ft (20 x 20 in, 51 x 51 cm) of bench space, the BD FACSJazz also addresses biosafety concerns with an optional custom designed biosafety cabinet that meets personnel and product protection standards for both a Class II Type A2 biosafety cabinet and the National Sanitation Foundation International Standard 49.

In addition to factory-optimized settings, the BD FACSJazz comes standard with BD FACS™ Sortware sorter software to simplify use. This innovative software is specifically designed for cell sorting and features comprehensive control for acquisition, sorting, and analysis. For legendary results, just add your creativity.

Grant Review for Immunologists Program

Get a GRIP: An AAI program designed to help new investigators prepare their NIH grant proposals

AAI is pleased to offer a program to match new PIs with established PIs who have significant, successful grant writing careers. The Grant Review for Immunologists Program (GRIP) invites new PIs to submit an outline or NIH-style abstract to the GRIP coordinator who, with the assistance of a small volunteer subcommittee, will attempt to match the topic of the proposal with the research experience of an established PI. Matches will be made as quickly as possible to allow new PIs to meet upcoming NIH grant deadlines. Participation is open only to AAI members and is strictly voluntary. The program is not intended to supplant internal mentoring programs.

GRIP is now accepting both new PI and established PI participants. Please send your CV and a brief description of either your potential research project (new PIs) or grant reviewing experience (established PIs) to infoaai@aai.org (please write “GRIP” in the subject line).

Program details at www.aai.org/GRIP_rd.htm
AAI... Working for You!

The mission of The American Association of Immunologists (AAI) is to advance knowledge of immunology and related disciplines, foster interchange of ideas and information among scientists, and promote understanding of the field of immunology.

REGULAR MEMBERSHIP BENEFITS

- Membership in the largest and most prestigious professional association of immunologists in the world
- Effective representation! Your views on research funding and science policy are brought to Congress and federal agencies for you
- Leadership opportunities
- Eligibility for prestigious AAI career and travel awards
- Reduced registration and abstract submission fees to the AAI Annual Meetings
- Reduced registration fees to the AAI Introductory and Advanced Immunology Courses
- A subscription to The Journal of Immunology
- No submission fee and significantly reduced color figure charges for manuscripts published in The Journal of Immunology
- Eligibility to serve on the Editorial Board of The Journal of Immunology
- Reduced subscription rates to other immunology journals
