Introducing the BD FACSJazz™
Perfectly tuned cell sorting from BD Biosciences.

Breathtaking solo performance.

The BD FACSJazz™ system begins a new era in cell sorting with stellar performance, benchtop fit, and an affordable price. The BD FACSJazz can be configured with up to 3 lasers and 8 parameters to support your application needs—offloading sorting demand at core labs or meeting the needs of individuals. Requiring less than 2 x 2 ft (20 x 20 in, 51 x 51 cm) of bench space, the BD FACSJazz also addresses biosafety concerns with an optional custom designed biosafety cabinet that meets personnel and product protection standards for both a Class II Type A2 biosafety cabinet and the National Sanitation Foundation International Standard 49.

In addition to factory-optimized settings, the BD FACSJazz comes standard with BD FACS™ Sortware sorter software to simplify use. This innovative software is specifically designed for cell sorting and features comprehensive control for acquisition, sorting, and analysis. For legendary results, just add your creativity.
