Call for 2014 Award Nominations

Deadline: November 1, 2013

Nominations are invited for the following AAI Career Awards. These awards honor immunologists of extraordinary scientific achievement and promise.

AAI Members! Don’t miss the opportunity to nominate a worthy colleague for awards that are among the leading professional honors presented annually to immunologists!

AAI Excellence in Mentoring Award
This award recognizes a senior scientist who has significantly influenced the professional development and careers of a new generation. AAI honors the award recipient’s contributions to the profession through outstanding mentoring. The award includes a plaque, meeting registration, and travel support to the AAI annual meeting. This award is presented at an Awards Presentation Program at the AAI annual meeting.

AAI-Steinman Award for Human Immunology Research
This award recognizes an individual who has made significant contributions to the understanding of immune processes underlying human disease pathogenesis, prevention, or therapy. The award recipient will receive a $5,000 cash award, meeting registration, and travel support to the AAI annual meeting. The recipient will present his or her research in an award lecture.

AAI Meritorious Career Award
This award recognizes a mid-career scientist for outstanding research contributions to the field of immunology. The award recipient will receive a $10,000 cash award, meeting registration, and travel support to the AAI annual meeting for presentation of his or her research in an award lecture preceded by the award presentation.

AAI-BD Biosciences Investigator Award
This award recognizes an early-career investigator who has made outstanding contributions to the field of immunology. The awardee will receive a $5,000 cash prize, meeting registration, and travel support to the AAI annual meeting for presentation of his or her research in an award lecture preceded by the award presentation. This award is generously supported through a grant from BD Biosciences.

---

On the Occasion of the 100th Anniversary of
The American Association of Immunologists
The Federation of American Societies for Experimental Biology extends to The American Association of Immunologists its most sincere congratulations and appreciation for a century of outstanding service to science.

Your association’s preeminence in the field of immunology, and its dedication to fostering the interchange of ideas and information among scientists, has pushed forward the boundaries of knowledge in the field and contributed immeasurably to advancements in clinical medicine. We salute your dedication to promoting better public understanding of immunology as a field and its importance to human health worldwide.

We consider it a privilege to work with you toward our common goal of advancing the quality of life through the support of biomedical research, and we are confident your illustrious record will garner many more commendations in the years to come.
