Manuscripts should be typewritten and carefully revised before submission and should be sent to Dr. Arthur F. Coca, Pearl River, New York. Authors will be charged for space in excess of 20 printed pages; also for all illustrations and for tabular matter in excess of 10 per cent of the text space.

The Journal of Immunology is issued monthly. Three volumes a year are issued.

Twenty-five reprints, without covers, of articles will be furnished to contributors free of cost when ordered in advance. A table showing cost of reprints, with an order slip, is sent with proof. Orders for purchased reprints must be limited to 1,000 copies.

The subscription price is $5.00 per volume. For countries outside the Postal Union, add 50 cents a volume. Three volumes ordered at the same time, $13.50; overseas, $15.00. The subscriptions of members of the American Association of Immunologists are included in the membership dues and are handled by the Association's Treasurer, Dr. A. J. Weil, Pearl River, New York. All other subscriptions should be sent to the publishers.

Claims for copies lost in the mails must be received within 30 days (domestic). Changes of address must be received within two weeks of the date of issue.

Correspondence concerning business matters should be addressed to The Williams & Wilkins Company, Mount Royal and Guilford Avenues, Baltimore-2, U. S. A.

New subscriptions and renewals are entered to begin with the first issue of the current volume. Should any issue of the current volume be out of print at the time the subscription order is received, the pro-rata value of such numbers will be credited to the next volume, and the renewal invoice therefore adjusted accordingly.

Subscriptions should be renewed promptly—To avoid a break in your series, subscriptions should be renewed promptly. The publishers cannot guarantee to supply back issues on belated renewals.

Subscriptions, new or renewal, should be sent to the Publishers or to Agents listed below.

AGENTS

For Australia: Angus & Robertson, Limited, 89–95 Castlereagh Street, Sydney.

For Canada: Wm. Dawson & Sons, Ltd., 70 King Street East, Toronto.

Reagents

FOR SEROLOGIC DETECTION

of Syphilis

This group of Bacto reagents is prepared expressly for use in the serologic diagnosis of syphilis by means of the more generally employed complement-fixation, precipitation and flocculation tests. All Bacto antigens are tested for sensitivity and specificity in laboratories designated for that purpose by the author serologists of the tests for which they are specified. No antigen is released for distribution until it has been approved.

Bacto-Kolmer Antigen ....... for the Kolmer modification of the complement-fixation test.
Bacto-Kolmer Antigen (New) ...... a more sensitive antigen for the Kolmer procedure.
Bacto-Kahn Standard Antigen ...... for routine procedures of the Kahn test.
Bacto-Kahn Sensitized Antigen ...... for the presumptive procedures of the Kahn system.
Bacto-Eagle Wassermann Antigen .... for the Eagle modification of the Wassermann test.
Bacto-Eagle Flocculation Antigen ...... for the Eagle flocculation test.
Bacto-B.J.L. Wassermann Antigen ...... for the modification of the Wassermann test devised by Boerner.
Bacto-B.J.L. Flocculation Antigen ...... for the Boerner, Jones and Lukens flocculation test.
Bacto-Antisheep Hemolysin ......... a stable antisheep rabbit serum of high titer.
Bacto-Beef Heart ............... for preparation of beef heart antigens, except those used in the Kahn tests.
Bacto-Kahn Beef Heart .............. used expressly for preparation of Kahn antigens.
Bacto-Cholesterol ............... an excellent sensitizing reagent for antigens.
Bacto-Corn Germ Sterol ........... for use in reinforcing the antigen used in the Eagle flocculation test.
