THE JOURNAL OF IMMUNOLOGY

Information for Contributors

Manuscripts should be carefully revised and the original should be sent to

Dr. John Y. Sugg
Journal of Immunology
Cornell Medical College
1300 York Ave.
New York 21, N. Y.

Authors will be charged for space in excess of 15 printed pages, for all illustrations, and for tabular or graphic matter in excess of 10 per cent of the text space.

Reprints must be ordered in advance. A table showing cost of reprints, with an order slip, is sent with proof. Orders for purchased reprints must be limited to 1,000 copies. The invoice for reprints will also include charges for illustrations, excess pages and tabular matter, if any.

Instructions for the Preparation of Manuscript

Copy should be typed double-spaced on one side only of 8½ x 11 paper. Even material that is to be set in a type size smaller than that of the main text (footnotes, references, etc.) should be double-spaced.

The author should supply a short title for use as a running head. This should be typed on a separate sheet as the first page of manuscript. Type the complete title of the article on a second sheet, and the authors' names and affiliations on a third sheet. All material that is to be set in a type size different from that of the main text should be typed on separate sheets. This includes tabular matter, case histories, quotations, formulas and other subsidiary matter in the text, footnotes, bibliographies, and legends for illustrations. Displayed formulas which are to be built up to more than one line of type, even if they are the same size type as the text, should be on a separate page. Legends should not be attached to or written on the illustration copy. Positions for tables and figures in the text may be indicated in the margin of the text page.

Manuscripts that do not conform to these instructions will be cut and rearranged so that the matter to be set in different sizes of type can be separated.

Galley proof. Authors will receive galley proofs of their papers set separately as outlined above. Galleys will be arranged in the following order: tables, running heads, footnotes, figure legends, text, bibliography. All material that has been cut from the body of the text will be inserted in its proper place in the galleys. This includes formulas, quotations, case histories, and other subsidiary matter. Manuscript will be arranged in this order: formulas, tables, footnotes, figure legends, text inserts including bibliography, text.

Illustrations. Copy for illustrations should be unmounted glossy photographs clearly identified as to number, author's name, and top of figure in soft crayon on the back. Graphs should be in India ink on bluelined paper. If larger than 9 x 12", they must be accompanied by glossy photographs within this size.
MORTON
stainless steel CULTURE TUBE CLOSURE*
THE PROVEN REPLACEMENT FOR COTTON PLUGS
Grip culture tubes with patented pressure fingers • Assure reduced evaporation of culture media • Provide adequate aeration for culture • Resist corrosion and retain resilience • Reliably prevent contamination.

IMMUNOLOGY
Official Journal of the
BRITISH SOCIETY FOR IMMUNOLOGY
Editor: J. R. MARRACK
VOL. 2, No. 3 CONTENTS JULY 1959
Physical Factors Affecting Maximum Precipitation of the BSA-Anti BSA Fowl System. By H. R. WOLFE, A. P. MUELLER and J. C. NEESS.
The in Vivo Sensitization of Avian Erythrocytes with Salmonella Gallinarum Polysaccharide. By A. BUXTON.
The Time of Appearance of Isoantibodies During the Homograft Response to Mouse Tumours. By P. A. GORE, Z. B. MIKULSKA and P. O’GORMAN.
Studies on Hypersensitivity. 3. The Relation Between Delayed Reactivity to the Picroy Group of Conjugates and Contact Sensitivity. By B. BENACERRAF and P. G. H. GELL.
Grass Pollen Allergens. 3. Their Differentiation from the Other Pollen Antigens by Immuno-Electrophoretic Studies in Relation to Skin Reactivity, Enzyme Digestions, Heat and pH Stabilities. By ROSA AUGUSTIN.
The Conglutination Phenomenon. By D. G. INGRAM.
The Mechanisms Involved in the Production of Red Cell Panagglutinability by Streptococcal Cultures. By F. S. STEWART, T. W. STEBBLE and W. T. MARTIN.
Book Reviews.

The Subscription price in the United States and Canada is $10 for the annual volume of four parts (Single copies $3 each).
