THE JOURNAL OF IMMUNOLOGY

Contents for July

Highly Specific Lung Localizing Antibodies. Osamu Tsukuru, Yasuo Yagi and David Pressman .............................................................. 1

The Immune Response of the Bovine Species Infused Intramammarily with a Semipurified Preparation of the Flagella of Salmonella Bacteria. K. L. Smith and R. M. Porter ................................................................ 10

"Protein A" from Staphylococcus aureus. III. Reaction with Rabbit γ-Globulin. Arne Forsgren and John Sjöquist ........................................... 19

Allelic Light Chain Allotype Distribution in Purified IgG and IgM Rabbit Antibodies. Leon W. Hoye and Rose Mage ............................................. 25

Comparison between Hartley and Strain 13 Guinea Pigs—Antibody Production and Delayed Hypersensitivity. J. Munoz ......................................... 31

Human Diphtheria Antitoxin in Immunoglobulin Classes IgG and IgA. Richard W. Newcomb and Kimishige Ishizaka ........................................ 40

Preparation and Properties of Antibody Directed Specifically against the Neuraminidase of Influenza Virus. R. G. Webster and W. G. Laver .............. 49

Disaggregated Human Erythrocyte Membranes and Blood Group Activity. Floyd A. Green .................................................................. 56

Selective Immunoglobulin Deficiencies in Rats Infected with Moloney Virus. Natalie E. Gremer ............................................................ 71

Biologic Activities of Aggregated γ-Globulin. VIII. Aggregated Immunoglobulins of Different Classes. Teruko Ishizaka, Kimishige Ishizaka, S. Salmon and Hugh Fudenberg .......................................................... 82

Desensitization to Delayed Hypersensitivity Reactions: With Special Reference to the Requirement for an Immunogenic Molecule. Stuart F. Schlossman and Herbert Levine ........................................................................ 111

Reaction of Dissociated IgM Anti-γ-Globulins with Rabbit Immunoglobulin G (IgG). Ralph E. Schrohenloher ........................................................ 115

Reaction Kinetic Studies of the Antigen Antibody Reaction. Robert P. Tengerdy .................................................................................. 126

Immunoglobulins in Serum and Nasal Secretions following Infection with Type 1 Parainfluenza Virus and Injection of Inactivated Vaccines. Charles B. Smith, Joseph A. Bellanti and Robert M. Chanock ........................................... 133

The Titer and Avidity of Natural Sheep Hemolysins in X-Irradiated Rabbits. Laurence R. Draper and John R. Owens ......................................... 142

Protein-Carbohydrate Interaction. IX. Application of the Quantitative Hapten Inhibition Technique to Polysaccharide-Concanavalin A Interaction. Some Comments on the Forces Involved in Concanavalin A-Polysaccharide Interaction. Lucy L. So and I. J. Goldstein .................................................. 158

Contents continued on next page
The Journal of Immunology

Contents cont'd

Studies on Antigenic Structure of Bovine Aortic Intima. Felix Milgrom, Hans W. Intorp and Ernest Witebsky. 164

The Antigens of Vesicular Stomatitis Virus. III. Structure and Immunogenicity of Antigens Derived from the Virion by Treatment with Tween and Ether. F. Brown, B. Cartwright and C. J. Smale. 171

Effect of Phytohemagglutinin (PHA) on an Antibody-Forming System. N. Genogian and K. F. Hüber. 184

Immunologic Responses in the Axelol, Siredon mexicanum. Yi-Chuan Ching and Ralph J. Wedgwood. 191

The Influence of the Dose of Thyroid Extract and Mycobacteria upon Experimental Autoimmune Thyroiditis in Inbred Histocompatible and Random-Bred Guinea Pigs. Philip R. B. McMaster, Edwin M. Lerner, II, Michael Kyriakos and Peter S. Mueller. 201

Herpes Simplex Neutralizing Antibody—Quantitation of the Complement-Dependent Fraction in Different Phases of Adult Human Infection. Herbert S. Heineman. 214

The Development of Autoimmune Thyroiditis in Rabbits following Injection of Aqueous Preparations of Heterologous Thyroglobulins. W. O. Weigle and R. M. Nakamura. 223

The Role of Antibodies in the Ingestion of Aldehyde-Treated Erythrocytes Attached to Macrophages. M. Rabinovitch. 232

Wasting Disease Induced with Cortisol Acetate. I. Studies in Germ-Free and Conventionally Reared Mice. Norman D. Reed and John W. Jutila. 238

The Antibody Response in Nasal Washings and Serum to S. Typhosa Endotoxin Administered Intravenously. Roger D. Rossen, Sheldon M. Wolff and William T. Butler. 246

Evidence for Two Tissue Specific Antigens of the Lung in Rats. F. de Halleux. 255

---

Information for Subscribers

Published monthly, beginning January, 1929. (From 1916-1925, and in 1928 Volumes I-X inclusive, and Vol. XV published bi-monthly.)

The subscription price is $28.00 per year in U.S.A.; $29.25 in Canada; $30.00 elsewhere. Single copies, when available, are $2.75 in U.S.A.; $3.00 elsewhere. The subscriptions of members of the American Association of Immunologists are included in the membership dues and are handled by the Association's Treasurer, Dr. Sheldon Dray, American Association of Immunologists, 9650 Rockville Pike, Bethesda, Md. 20014. All other subscriptions should be sent to the publisher.

Change of address: Publisher must be notified 60 days in advance. Journals undeliverable because of incorrect address will be destroyed. Duplicates can be obtained (if available) from the publisher at the regular price of single issues.

New subscriptions and renewals are entered to begin with the first volume of the year when subscription is received. Should any issue of the current volume be out of print at the time the subscription order is received, the pro-rata value of such numbers will be refunded to the subscriber.

Subscriptions should be renewed promptly: To avoid a break in your series, subscriptions should be renewed promptly. The publishers cannot guarantee to supply back issues on belated renewals.

Correspondence concerning all business matters should be addressed to
