The original Lymphoprep

The only Metrizoate Solution
for Lymphocyte Isolation.

Lymphoprep is necessary for the preparation of pure lymphocyte suspensions in tissue typing, anti-lymphocyte sera production and immunological research.

Lymphoprep is convenient because it's ready-made and easy-to-use; reliable because it's documented and approved world-wide; safe because it will not harm lymphocytes; and standardized to make it *accurate*.

Mail coupon for free sample and literature.

ACCURATE CHEMICAL & SCIENTIFIC CORPORATION

Your North American distributor for Lymphoprep

28 Tec Street, Hicksville, N.Y. 11801. (516) 433-4900

Please send me:

- Literature on the Original Lymphoprep
- Free sample of the Original Lymphoprep

DIFCO PRODUCTS ARE USED ROUTINELY WHEREVER MICROBIOLOGICAL PROCEDURES ARE PERFORMED

Hospital Clinical Laboratory—Microbiology, Tissue Culture, Serology.
Public Health Laboratories—water, sewage, dairy and food products.
Quality control of pharmaceutical, chemical and industrial products.
Educational and Research programs in related sciences and technology.

Difco Laboratory Products and Reagents are available through local
laboratory supply dealers
