**IN THE
BEGINNING...***

Metrizamide^{*}?

For Density Gradient Centrifugation. Most useful in the fractionation of nucleic acids, nucleoproteins, subcellular particles, organelles as well as cells and viruses.

Metrizamide is inert and forms solutions which, while much denser than can be obtained with sucrose, have relatively low viscosity and osmolarity. It is a non-ionic compound and non-toxic to cells.

Metrizamide A Grade
Analytical Grade
AN6300 50 gm \$80.00

Metrizamide C Grade
Centrifugation Grade
AN6400 50 gm \$57.50

*A patented product of Nyegaard & Co.

Your free 1979-80 Miles Biochemicals Catalog

980 products

... comprising 2,000 product sizes and types. Product groups include immunochemicals, lectins, blood proteins, electrophoresis apparatus and reagents, polypeptides, nucleic acids, recombinant reagents, enzymes, and companion reagents.

Suggested applications

... with relevant references for most products. Listings are cross-indexed under major subject and individual product headings.

150 fact-filled pages

... including datagram numbers for 24-hour ordering and technical/service information to aid you with special orders.

Free of charge

... to receive your new catalog, simply fill out and mail the coupon below.
