

INDEX TO VOLUME XIV

Absorption of undigested proteins in human beings. I. A simple method of studying the absorption of undigested protein.....	143
Agglutinins, Distribution of immune, in the serum and organs of rabbits...	101
Alles, Gordon A., and Lamson, Robert W. The preparation and purification of pollen extracts.....	181
Anaphylactic behavior in the paramoecium, A note on.....	197
Anaphylaxis, Effect of dehepatization on erythrocyte, in dogs.....	337
Antigen, A study of the reaction in sensitized smooth muscle to mixture of, and sensitized tissue.....	201
—, The optimal dose of, for the Wassermann test.....	129
Antigenic properties of vaccine virus, Some experiments on the.....	347
Antigens, On: antigenic properties of glue, wheat, and house dust.....	207
Antitoxin and toxin, Investigation of the cataphoresis of, in the "Field and Teague" and in other apparatus.....	219
Aycock, W. Lloyd, and Kagan, J. R. Experimental immunization in poliomyelitis.....	85
Bacteriophage: A method of isolation.....	175
Bailey, John Hays, and Kyes, Preston. Cell penetration by venom hemotoxin.....	117
Boone, T. H., and Chase, E. M. Effect of dehepatization on erythrocyte anaphylaxis in dogs.....	337
—, Manwaring, W. H., and Marino, D. H. Effect of histamine on the parenteral denaturation of foreign protein.....	341
Carey, Earl S., and Kyes, Preston. The elimination of serum shock.....	123
Cataphoresis of toxin and antitoxin, Investigation of the, in the "Field and Teague" and in other apparatus.....	219
Chase, E. M., and Boone, T. H. Effect of dehepatization on erythrocyte anaphylaxis in dogs.....	337
Colorimetric reaction between gold chloride and toxins apparently indicative of toxic strength. A preliminary report.....	77
De Groat, Albert F. The bacteriophage: a method of isolation.....	175
Dehepatization, Effect of, on erythrocyte anaphylaxis in dogs.....	337
Denaturation of foreign protein, Effect of histamine on the parenteral ...	341
Dienes, Local hypersensitiveness. II. The transfer of local hypersensitiveness of tuberculous guinea pigs with the blood serum.....	43
—, Local hypersensitiveness. III. Hypersensitiveness of guinea pigs treated with eggwhite during smallpox vaccination.....	53
—, Local hypersensitiveness. IV. General considerations.....	61

Dienes and Schoenheit, E. W. Local hypersensitiveness. I. Sensitization of tuberculous guinea pigs with eggwhite and timothy pollen.....	9
Diphtheria antitoxin serum of exceptionally high potency, A study of, with a comparative analysis of its various constituents.....	235
— cultures, The intradermal test for the virulence of.....	137
Erythrocyte anaphylaxis in dogs, Effect of dehepatization on.....	337
Falk, I. S., and Hunt, L. W. Some experiments on the antigenic properties, filterability, and microscopy of vaccine virus.....	347
—, and Maver, Mary E. Investigation of the cataphoresis of toxin and antitoxin in the "Field and Teague" and in other apparatus.....	219
"Field and Teague," Investigation of the cataphoresis of toxin and antitoxin in the, and in other apparatus.....	219
Filterability of vaccine virus, Some experiments on the.....	347
Freund, Jules. Distribution of immune agglutinins in the serum and organs of rabbits.....	101
Gibbs, Charles S., and Ken, Chen. The intradermal test for the virulence of diphtheria cultures.....	137
Glue, Antigenic properties of.....	207
Gold chloride, A colorimetric reaction between, and toxins apparently indicative of toxic strength.....	77
Grant, Agnes H., and Isaacs, M. L. The rapid production of immunity to ricin.....	243
Gruehl, Helen Lee, Ratner, Bret, and Jackson, Holmes C. Transmission of protein hypersensitiveness from mother to offspring. I. Critique of placental permeability.....	249
Gruehl, Helen Lee, Ratner, Bret, and Jackson, Holmes C. Transmission of protein hypersensitiveness from mother to offspring. II. The rôle of colostrum.....	267
Gruehl, Helen Lee, Ratner, Bret, and Jackson, Holmes C. Transmission of protein hypersensitiveness from mother to offspring. III. The rôle of milk.....	275
Gruehl, Helen Lee, Ratner, Bret, and Jackson, Holmes C. Transmission of protein hypersensitiveness from mother to offspring. IV. Passive sensitization in utero.....	291
Gruehl, Helen Lee, Ratner, Bret, and Jackson, Holmes C. Transmission of protein hypersensitiveness from mother to offspring. V. Active sensitization in utero.....	303
Haptene, On the heterogenetic.....	81
Hektoen, Ludvig. Observations with the precipitin reaction.....	1
Hemotoxin, Cell penetration by venom.....	117
Heterogenetic haptene, On the.....	81
Histamine, Effect of, on the parenteral denaturation of foreign protein...	341
Hooker, Sanford Burton. The optimal dose of antigen for the Wassermann test.....	129

House dust, Antigenic properties of.....	207
Hunt, L. W., and Falk, I. S. Some experiments on the antigenic properties, filterability, and microscopy of vaccine virus.....	347
Hypersensitive guinea pig, Skin reactions in the normal and.....	365
Hypersensitiveness. The continuous injection of antigen in sensitized dogs..	111
—, Local, I. Sensitization of tuberculous guinea pigs with eggwhite and timothy pollen.....	9
—, Local, II. The transfer of local hypersensitiveness of tuberculous guinea pigs with the blood serum.....	43
—, Local, III. Hypersensitiveness of guinea pigs treated with eggwhite during smallpox vaccination.....	53
—, Local, IV. General considerations.....	61
—, protein, Transmission of, from mother to offspring. I. Critique of placental permeability.....	249
—, protein, Transmission of, from mother to offspring. II. The rôle of colostrum.....	267
—, protein, Transmission of, from mother to offspring. III. The rôle of milk.....	275
—, protein, Transmission of, from mother to offspring. IV. Passive sensitization in utero.....	291
—, protein, Transmission of, from mother to offspring. V. Active sensitization in utero.....	303
Intradermal test for the virulence of diphtheria cultures.....	137
Isaacs, M. L., and Grant, Agnes H. The rapid production of immunity to ricin.....	243
Isohemagglutinins, Observations on irregularities in human.....	189
Jackson, Holmes, C., Gruehl, Helen Lee, and Ratner, Bret. Transmission of protein hypersensitiveness from mother to offspring. I. Critique of placental permeability.....	249
Jackson, Holmes, C., Gruehl, Helen Lee, and Ratner, Bret. Transmission of protein hypersensitiveness from mother to offspring. II. The rôle of colostrum.....	267
Jackson, Holmes, C., Gruehl, Helen Lee, and Ratner, Bret. Transmission of protein hypersensitiveness from mother to offspring. III. The rôle of milk.....	275
Jackson, Holmes, C., Gruehl, Helen Lee, and Ratner, Bret. Transmission of protein hypersensitiveness from mother to offspring. IV. Passive sensitization in utero.....	291
Jackson, Holmes, C., Gruehl, Helen Lee, and Ratner, Bret. Transmission of protein hypersensitiveness from mother to offspring. V. Active sensitization in utero.....	303
Kagan, J. R., and Ayccock, W. Lloyd. Experimental immunization in poliomyelitis.....	85
Ken, Chen, and Gibbs, Charles S. The intradermal test for the virulence of diphtheria cultures.....	137

Kirkbride, Mary B., and Murdick, Philip B. A study of diphtheria anti-toxic serum of exceptionally high potency with a comparative analysis of its various constituents.....	235
Krumwiede, Charles, and Mishulow, Lucy. A colorimetric reaction between gold chloride and toxins apparently indicative of toxic strength. A preliminary report.....	77
Kyes, Preston, and Bailey, John Hays. Cell penetration by venom hemotoxin.....	117
—, and Carey, Earl S. The elimination of serum shock.....	123
Lacy, G. R. Observations on irregularities in human isohemagglutinins..	189
Lamson, Robert W., and Alles, Gordon A. The preparation and purification of pollen extracts.....	181
Lamson, R. W., and Pope, Maxy Alice. Skin reactions in the normal and hypersensitive guinea pig.....	365
Landsteiner, K., and Levene, P. A. On the heterogenetic haptene. Fourth communication.....	81
Levene, P. A., and Landsteiner, K. On the heterogenetic haptene. Fourth communication.....	81
Local hypersensitiveness. I. Sensitization of tuberculous guinea pigs with eggwhite and timothy pollen.....	9
— hypersensitiveness. II. The transfer of local hypersensitiveness of tuberculous guinea pigs with the blood serum.....	43
— hypersensitiveness. III. Hypersensitiveness of guinea pigs treated with eggwhite during smallpox vaccination.....	53
— hypersensitiveness. IV. General considerations.....	61
Manwaring, W. H., Marino, D. H., and Boone, T. H. Effect of histamine on the parenteral denaturation of foreign protein.....	341
Marino, D. H., Boone, T. H., and Manwaring, W. H. Effect of histamine on the parenteral denaturation of foreign protein.....	341
Maver, Mary E., and Falk, I. S. Investigation of the cataphoresis of toxin and antitoxin in the "Field and Teague" and in other apparatus.....	219
Microscopy of vaccine virus, Some experiments on the.....	347
Mishulow, Lucy, and Krumwiede, Charles. A colorimetric reaction between gold chloride and toxins apparently indicative of toxic strength. A preliminary report.....	77
Müller, Ernst Friedrich, and Petersen, William F. The continuous injection of antigen in sensitized dogs.....	111
Murdick, Philip B., and Kirkbride, Mary B. A study of diphtheria anti-toxic serum of exceptionally high potency with a comparative analysis of its various constituents.....	235
Paramoecium, A note on anaphylactic behavior in the.....	197
Petersen, William F., and Müller, Ernst Friedrich. The continuous injection of antigen in sensitized dogs.....	111
Phagocytic action of type-I pneumococcus serum, The effect of type-I pneumococcus culture broth on the.....	321

Phagocytic action of type-I pneumococcus serum, Further observations on the effect of type-I pneumococcus culture broth on the.....	329
Pneumococcus culture broth, The effect of type-I, on the phagocytic action of type-I pneumococcus serum.....	321
— culture broth, Further observations on the effect of type-I, on the phagocytic action of type-I pneumococcus serum.....	329
Poliomyelitis, Experimental immunization in.....	85
Pollen extracts, The preparation and purification of.....	181
Pope, Maxy Alice, and Lamson, R. W. Skin reactions in the normal and hypersensitive guinea pig.....	365
Precipitin reaction, Observations with the.....	1
Protein hypersensitiveness, Transmission of, from mother to offspring.	
I. Critique of placental permeability.....	249
Protein hypersensitiveness, Transmission of, from mother to offspring.	
II. The rôle of colostrum.....	267
Protein hypersensitiveness, Transmission of, from mother to offspring.	
III. The rôle of milk.....	275
Protein hypersensitiveness, Transmission of, from mother to offspring.	
IV. Passive sensitization in utero.....	291
Protein hypersensitiveness, Transmission of, from mother to offspring.	
V. Active sensitization in utero.....	303
Ramsdell, Susan Griffith. A note on anaphylactic behavior in the paramoecium.....	197
— . A study of the reaction in sensitized smooth muscle to mixture of antigen and sensitized tissue.....	201
— , and Walzer, Matthew. On antigens: antigenic properties of glue, wheat, and house dust.....	207
Ratner, Bret, Jackson, Holmes, C., and Gruehl, Helen Lee, Transmission of protein hypersensitiveness from mother to offspring. I. Critique of placental permeability.....	249
Ratner, Bret, Jackson, Holmes, C., and Gruehl, Helen Lee. Transmission of protein hypersensitiveness from mother to offspring. II. The rôle of colostrum.....	267
Ratner, Bret, Jackson, Holmes, C., and Gruehl, Helen Lee. Transmission of protein hypersensitiveness from mother to offspring. III. The rôle of milk.....	275
Ratner, Bret, Jackson, Holmes, C., and Gruehl, Helen Lee. Transmission of protein hypersensitiveness from mother to offspring. IV. Passive sensitization in utero.....	291
Ratner, Bret, Jackson, Holmes, C., and Gruehl, Helen Lee. Transmission of protein hypersensitiveness from mother to offspring. V. Active sensitization in utero.....	303
Ricin, The rapid production of immunity to.....	243
Schoenheit, E. W., and Dienes, L. Local hypersensitiveness. I. Sensitization of tuberculous guinea pigs with eggwhite and timothy pollen.....	9
Sensitized tissue, A study of the reaction in sensitized smooth muscle to mixture of antigen and.....	201

Serum shock, The elimination of.....	123
Sickles, G. M. Further observations on the effect of type-I pneumococcus culture broth on the phagocytic action of type-I pneumococcus serum..	329
—, and Wadsworth, Augustus B. The effect of type-I pneumococcus culture broth on the phagocytic action of type-I pneumococcus serum....	321
Skin reactions in the normal and hypersensitive guinea pig.....	365
Smallpox vaccination, Hypersensitiveness of guinea pigs treated with egg-white during.....	53
Smooth muscle, A study of the reaction in sensitized, to mixture of antigen and sensitized tissue.....	201
Toxin and antitoxin, Investigation of the cataphoresis of, in the "Field and Teague" and in other apparatus.....	219
Toxins, A colorimetric reaction between gold chloride and, apparently indicative of toxic strength.....	77
Transmission of protein hypersensitiveness from mother to offspring. I. Critique of placental permeability.....	249
Transmission of protein hypersensitiveness from mother to offspring. II. The rôle of colostrum.....	267
Transmission of protein hypersensitiveness from mother to offspring. III. The rôle of milk.....	275
Transmission of protein hypersensitiveness from mother to offspring. IV. Passive sensitization in utero.....	291
Transmission of protein hypersensitiveness from mother to offspring. V. Active sensitization in utero.....	303
Tuberculous guinea pigs, Sensitization of, with eggwhite and timothy pollen.....	9
— guinea pigs, The transfer of local hypersensitiveness of, with the blood serum.....	43
Undigested proteins, Studies in absorption of, in human beings. I. A simple direct method of studying the absorption of undigested protein.....	143
Vaccine virus, Some experiments on the antigenic properties, filterability, and microscopy of.....	347
Venom hemotoxin, Cell penetration by.....	117
Virulence of diphtheria cultures, The intradermal test for the.....	137
Wadsworth, Augustus B., and Sickles, G. M. The effect of type-I pneumococcus culture broth on the phagocytic action of type-I pneumococcus serum.....	321
Walzer, Matthew. Studies in absorption of undigested proteins in human beings. I. A simple direct method of studying the absorption of undigested protein.....	143
—, and Ramsdell, Susan Griffith. On antigens: antigenic properties of glue, wheat, and house dust.....	207
Wassermann test, The optimal dose of antigen for the.....	129
Wheat, Antigenic properties of.....	207
