IMMUNOLOGY

THE JOURNAL OF

EDITOR-IN-CHIEF

THE JOURNAL OF IMMUNOLOGY

The American Association of Immunologists, Inc. (AAI) seeks applicants for the position of Editor-in-Chief (EIC) for its official publication, *The Journal of Immunology* (*The JI*).

The primary responsibility of the EIC is to maintain the role of *The JI* as a definitive resource for immunology research. He or she will do so by ensuring the scientific excellence of the content and integrity of the peer-review process. To that end, the EIC will recommend an editorial board for appointment by the AAI Publications Committee and approval by the AAI Council; be responsible for the oversight of editorial conduct and the peer-review process; address concerns of authors; and make final decisions on manuscript publication. The EIC will address allegations of author misconduct and act in accordance with *The JI* Editorial Policies and Practices and AAI policy.

The EIC is responsible to the AAI Publications Committee and, ultimately, to the AAI Council, and is an *ex officio* member of both groups. The EIC collaborates with the AAI Executive Director who has primary responsibility for the business affairs of *The JI*.

Applicants are expected to have an accomplished scientific career with a significant publication record, in addition to appropriate editorial experience. Candidates should possess strong leadership qualities, intellectual vision and outstanding interpersonal skills.

The term of service for this position is from July 1, 2008 to June 30, 2013. However, the appointed EIC is expected to overlap with the incumbent EIC starting January 1, 2008, to ensure a smooth transition of responsibilities. This position is considered to be part-time, for which a stipend and associated expenses are provided. Applicants must be members of AAI in good standing and are required to reside within the continental U.S.

Interested individuals are invited to submit an application package that includes a *curriculum vitae*; a succinct letter of interest and qualifications; a statement on the possible conceptual direction of *The JI* in its pursuit of scientific excellence; and innovations that may be considered.

Applications will be accepted through May 20, 2007. Please mail or e-mail them to:

Chair

Special Discounts for AAI Member Authors

Waiver of Manuscript Submission Fee for AAI Members

Corresponding authors who are regular, emeritus, or honorary AAI members in good standing on the date of manuscript submission to *The Journal of Immunology (The JI)* receive a waiver of the regular \$50 submission fee.

Reduced Charges for Color Figures

Corresponding authors who are regular, emeritus, or honorary AAI members in good standing on the date their manuscript is accepted for publication in *The JI* are entitled to reduced charges for submitted color figures. AAI members receive a \$200 reduction for the first color figure on each page.

For complete details on AAI member privileges and benefits, eligibility requirements, and application forms, please visit www.aai.org/membership or contact the AAI membership office at 301-634-7195 or by e-mail to members@aai.org.

For complete details on manuscript submission to *The JI*, please visit www.jimmunol.org or contact *The JI* office at 301-634-7197 or by e-mail to infoji@aai.org.

AAI Courses in Immunology

The American Association of Immunologists

2007 Introductory Course in Immunology

June 22 - 28, 2007

The University of Pennsylvania, Philadelphia, PA

Course Director: Terri M. Laufer, M.D., University of Pennsylvania School of Medicine

This two-part course will give students the tools necessary to understand and discuss current topics and methods in the field of immunology. Part I is a comprehensive introduction to the basic principles of immunology and is suitable for students with a general biology background. Part II is a lecture course covering major areas of immunology and requires an understanding of basic immunology. Parts I and II may be taken independently at the discretion of the student. 38 Continuing Medical Education (CME) Category I credits are offered.* Minority Access to Research Careers (MARC) travel awards are available to US citizens and permanent residents.

Attendance is limited to 200 registrants.

The American Association of Immunologists

2007 Advanced Course in Immunology

New Venue!

August 4 - 10, 2007

The University of Minnesota, Minneapolis, MN

Course Director: Marc K. Jenkins, Ph.D., University of Minnesota

This intensive course is designed for serious students of immunology. Leading experts will present recent advances in understanding the biology of the immune system and its role in health and disease. This course is directed toward advanced trainees and scientists who wish to expand or update their understanding of the field. This is not a survey course and requires that attendees have a firm understanding of the principles of immunology. 43 Continuing Medical Education (CME) Category I credits are offered.* Minority Access to Research Careers (MARC) travel awards are available to US citizens and permanent residents.

Attendance is limited to 220 registrants.

FOR INFORMATION, COURSE OUTLINES, AND REGISTRATION, VISIT:

www.aai.org/Courses.htm

For questions or assistance in registering, contact aaioffice@aai.org or **301-634-7178**.

Overseas applicants are advised to apply early for visas.

* This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the Federation of American Societies for Experimental Biology (FASEB) and the AAI. FASEB is accredited by the ACCME to provide CME for physicians. FASEB designates this educational activity for the designated number of credit hours in category I credit towards the AMA Physician's Recognition Award. Number of hours is subject to change.
