Chair Department of Microbiology & Immunology

The University of North Dakota School of Medicine and Health Sciences invites applications and nominations for the position of Chair and Professor, Department of Microbiology & Immunology. We seek an outstanding scientist with a strong research record, including extramural support, and a commitment to excellence in teaching undergraduate, graduate and professional medical and allied health education. The applicant should possess interpersonal and leadership skills in mentoring faculty, directing students and performing administrative duties. The candidate must hold a Ph.D., M.D. or equivalent degree in microbiology, immunology, or a related discipline.

The Chair will oversee a department in which current research interests include immunology, basic bacteriology and pathogenic microbiology. The department offers M.S., Ph.D., and M.D./Ph.D. degrees and traditional courses at the graduate level, instructs first and second year medical students, and provides undergraduate courses to allied health and non-majors. Further information is available at:

<http://www.med.und.nodak.edu/searches/> and
<http://www.med.und.nodak.edu/depts/micro/>

Review of applications will begin June 1, 2008 and the search will remain open until the position is filled. Applicants should submit a detailed curriculum vitae, a letter of interest outlining prior experience, research interests, teaching philosophy, plans for the future and the names and addresses of three references electronically to vdoze@medicine.nodak.edu or via mail to:

INFECTIOUS DISEASE & INTERNATIONAL HEALTH SECTION CHIEF

Dartmouth Medical School and Dartmouth-Hitchcock Medical Center (DMS/DHMC) invite applications for the position of Chief, Section of Infectious Disease & International Health, in the Department of Medicine. This individual will have responsibility for the clinical, educational, and research missions of a comprehensive academic program. DHMC is a 369-bed tertiary care hospital in New Hampshire, with 500 medical and graduate students, and, along with its affiliate VA Medical Center, is a major teaching hospital for Dartmouth Medical School. The successful candidate will be board certified in Internal Medicine and Infectious Disease, have an outstanding record of scholarly achievement, original research and sustained extramural research funding, possess excellent interpersonal and mentoring skills, and possess organizational and administrative ability and experience. Applicants must qualify for a senior academic appointment as Associate Professor or Professor of Medicine at Dartmouth Medical School. Additional research/academic opportunities include participation in: programs in international infectious diseases, such as the potential for involvement in the DARDAR Programs in Tanzania on HIV and M. tuberculosis, and the Dartmouth-Boston University Fogarty AIDS International Training and Research Program. Other opportunities include extensive interactions with the faculty of the Department of Microbiology & Immunology, including a secondary academic appointment and collaborative participation in the research programs of faculty members; the NIH-funded Center of Biomedical Research Excellence (COBRE) in Molecular, Cellular, and Translational Immunological Research; the Immunotherapy Center at DMS/DHMC; and other opportunities associated with the state-of-the-art facilities and resources in connection with a major research and teaching institution.

Candidates should submit a curriculum vitae along with a letter of application and the names of three references to:
