

THE JOURNAL OF IMMUNOLOGY

Volume 181 | No. 3 | August 1, 2008

www.jimmunol.org

The seal of the American Association of Immunologists is circular, featuring a large stylized 'A' in the center. The text 'AMERICAN ASSOCIATION OF IMMUNOLOGISTS' is written around the top inner edge, and 'FOUNDED 1913' is at the bottom. The main title is centered over the seal.

The 95th Annual Meeting of
**The American Association
of Immunologists**

in conjunction with Experimental Biology 2008, April 5–9, San Diego, California

FUTURE AAI ANNUAL MEETINGS

IMMUNOLOGY 2009™

May 8–12 • Seattle, Washington

IMMUNOLOGY 2010™

May 7–11 • Baltimore, Maryland

IMMUNOLOGY 2011™

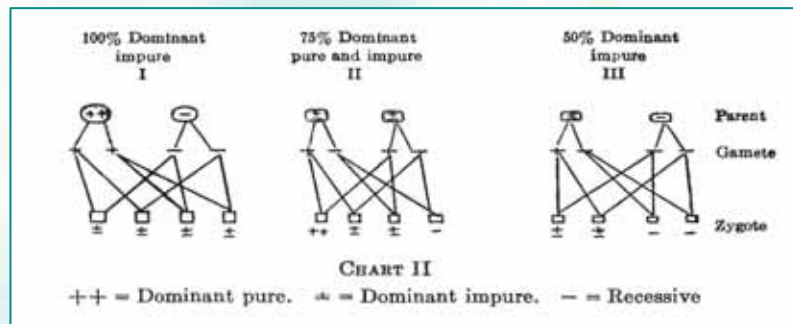

May 13–17 • San Francisco, California

IMMUNOLOGY 2012™

May 4–8 • Boston, Massachusetts

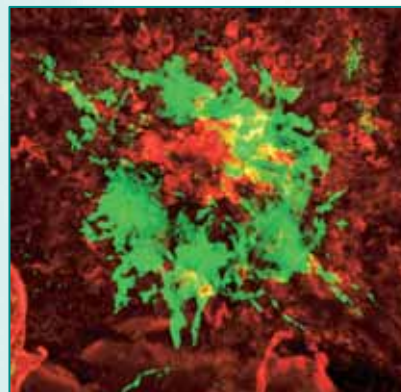

THE JOURNAL OF IMMUNOLOGY

FROM
1916...

Cooke, R. A., and Vander Veer, Jr., A. 1916. Human sensitization.
J. Immunol. 1: 201-305.

...TO 2008
AND BEYOND!

Bora et al., 2007. CD59, a complement regulatory protein, controls choroidal neovascularization in a mouse model of wet-type age-related macular degeneration. *J. Immunol.* 178: 1783-1790.

NOW AVAILABLE ONLINE!
THE ENTIRE LEGACY OF
THE JOURNAL OF IMMUNOLOGY

SUBSCRIBERS WITH ONLINE BENEFITS MAY NOW ACCESS A
COMPREHENSIVE RECORD OF IMPORTANT DISCOVERIES IN THE
FIELD OF IMMUNOLOGY FROM 1916-2008!

SUBSCRIPTION INFORMATION:
WWW.JIMMUNOL.ORG/SUBSCRIPTIONS

Working for You!

The mission of The American Association of Immunologists (AAI) is to advance the knowledge of immunology and related disciplines, foster interchange of ideas and information among scientists, and promote understanding of the field of immunology.

REGULAR MEMBERSHIP BENEFITS

- Membership in the largest and most prestigious professional association of immunologists in the world
- Effective representation! Your views and concerns on research funding and science policy are brought to Congress and federal agencies by professional staff and member-driven committees who work together to advance immunology research and address issues that affect member careers.
- Voting privileges in AAI elections and actions
- Eligibility for prestigious AAI career awards and AAI travel awards
- Eligibility to serve on AAI committees; help determine the direction of AAI and serve the larger scientific community
- Reduced registration and abstract submission fees to the AAI annual meetings
- Privilege of leading major sessions at the AAI annual meetings
- Reduced registration fees to the AAI Introductory and Advanced Immunology Courses
- A subscription to *The Journal of Immunology* (print and/or online) and access to the full digital archive
- No submission fee for manuscripts submitted to *The Journal of Immunology*
- Significantly reduced color figure charges for manuscripts published in *The Journal of Immunology*
- Eligibility to serve on the Editorial Board of *The Journal of Immunology*
- Reduced subscription rates to other immunology journals and reviews
- Personal copies of the AAI Newsletter
- Membership in the Federation of American Societies for Experimental Biology (FASEB) and in the International Union of Immunological Societies (IUIS)
- Inclusion in, and online access to, the FASEB Directory of Members

To obtain additional information, please contact:

THE JOURNAL OF IMMUNOLOGY

Published by The American Association of Immunologists since 1916

*If you don't know what's in The JI,
then you don't know what's going on in immunology.*

The JI is the 15th most cited journal of all 6,164 scientific journals.

- ISI Science Citation Index, 2006 (Journal Citation Reports)

The JI is the definitive record for research progress in immunology. Original peer-reviewed articles reporting studies in basic and clinical immunology include:

- ◆ Cutting Edge (Rapid Communication)
- ◆ Cellular Immunology and Immune Regulation
- ◆ Molecular and Structural Immunology
- ◆ Immunogenetics
- ◆ Host Defense
- ◆ Inflammation
- ◆ Clinical Immunology

and SPECIAL SECTIONS

- ◆ In This Issue
- ◆ Letters to the Editor
- ◆ Pillars of Immunology
- ◆ Brief Reviews

Editor-in-Chief
Jeremy M. Boss, Ph.D.

Executive Director, AAI/Executive Editor
M. Michele Hogan, Ph.D.

FEDERATION of AMERICAN SOCIETIES for EXPERIMENTAL BIOLOGY

Benefits for FASEB Society Scientists

The Federation of American Societies for Experimental Biology is an organization of multiple member societies representing tens of thousands of life scientists.

Working closely with member societies, FASEB staff provide strategic intelligence on policy developments, conduct policy research, and engage government and media relations.

HOW FASEB HELPS YOU

In addition to the benefits you receive from being a member in your own professional society, you also receive a variety of important benefits through your society's membership in FASEB including:

- Access to FASEB's Legislative Action Center
- FASEB's Washington Update
- Subscription discounts for *The FASEB Journal*
- Members only online access to the FASEB Directory of Members
- CME at FASEB Summer Research Conferences and society meetings
- Career development resources
- Personal insurance programs
- Credit card and line of credit programs

To learn more about FASEB, visit www.faseb.org and go to "Information for Scientists" to download a brochure.

Call toll-free 800.43FASEB or email memberbenefits@faseb.org.

MIDWINTER CONFERENCE OF IMMUNOLOGISTS

www.midwconfimmunol.org

P. O. Box 135036 - Big Bear Lake, California 92315 - Telephone & Fax: (909) 584-2861
Christel Uittenbogaart, M.D. – Executive Director; Roberta Meyers-Elliott, Ph.D., M.B.A. – Treasurer
Donna Ricchiuti – Administrator: midwinterconference@charter.net

The 2009 Midwinter Conference of Immunologists at Asilomar

- Place:** Asilomar Conference Grounds, Pacific Grove (near Monterey) California, USA
Date: January 24 – 27, 2009
Chairs: David W. Scott and Hilde Cheroutre
D. H. Campbell Memorial Lecturer: Antonio Lanzavecchia
Session I: Immune Real Estate: Signals and Structures
Burkhard Becher, Jonathan Powell, Linda Baum, Pam Ohashi, Pam Schwartzberg
Session II: Immune Regulation: Inside and Out
David W. Scott, Alexander Rudensky, Jeffrey Bluestone
Session III: Seeds of Pro- and Anti-inflammation
Mark Anderson, Carrie Miceli, Achsah Keegan, Rachel Caspi, Dario Vignali
Session IV: Autoimmunity: Regulating the Regulators
Talal Chatila, Christopher Benoist, Vijay Kuchroo
Session V: Perspectives for Viewing the Immune Landscape
John Semple, Carla Rothlin, Hilde Cheroutre, Ronald Germain
Limit: The Conference is limited to 650 attendees.
Schedule: Program and Reservation packet will be available in September from the Registrar.
Deadline: The Registration deadline (without late fee) is Friday, November 21, 2008
Registrar: After this date, contact the Registrar for available space: Ms. Kim Gurney, P. O. Box 4181, Foster City, CA 94404; Telephone: (650) 571-8367 (Pacific Time Zone); E-mail: kim.gurney@byu.net
Website: www.midwconfimmunol.org will contain general information and forms for downloading.
A reservation can be made on-line.

Life. Enhanced.

New Breakthroughs, New Opportunities.

Bristol-Myers Squibb is building its future growth and leadership by renewing and strengthening our corporate culture. We're committed to recruiting, retaining and developing top talent with a diversity of background and experience, and we offer an array of career development and advancement opportunities, and a performance management system that rewards behaviors as well as results. In short, Bristol-Myers Squibb is a great place to work. We've been consistently honored by the National Association of Female Executives as one of the Top 30 Companies for Executive Women; and by Working Mother magazine as one of the 100 Best Companies for Working Mothers. Also, we're ranked by Science magazine and The Scientist as among the best places to work in biotechnology, life sciences and pharmaceutical research.

Bristol-Myers Squibb has the following positions available in our facility dedicated to drug discovery and drug development in **our Wallingford, CT and Princeton, NJ Locations:**

Research Investigator, Immunology – #25194

We are seeking a highly motivated Ph.D.; an energetic scientist to apply novel approaches to using biologics to treat chronic viral diseases.

Research Investigator, Immunology – #25133

We are seeking a highly motivated Ph.D. scientist with expertise in gene regulation of immune responses to join the Immunology Department.

Research Investigator, Immunology – #25518

We are seeking a highly motivated Ph.D.; an energetic, innovative scientist to apply immune based approaches for cancer treatment.

For completed descriptions and to apply, please visit: <http://www.bms.com/career/data/>.

Bristol-Myers Squibb, 5 Research Parkway, Wallingford, CT 06492
Bristol-Myers Squibb is proud to be an equal opportunity employer, M/F/D/V

THE JOURNAL OF

IMMUNOLOGY

Need to Recruit?

Recruiting through *The Journal of Immunology* is the most economical way to reach the immunology community without wasting money. Why pay more to reach geologists and physicists when you are seeking immunologists?

A quarter-page advertisement costs \$815.
