THE UNIVERSITY of TEXAS
HEALTH SCIENCE CENTER AT HOUSTON

MUCOSAL IMMUNOLOGY FACULTY RECRUITMENT

The Brown Foundation Institute of Molecular Medicine for the Prevention of Human Diseases (IMM) is a component of the University of Texas Health Science Center at Houston located in the Texas Medical Center. The IMM occupies new state-of-the-art research facilities (230,000 square feet) that have been honored with seven awards for architectural design. The goal of the Institute is to discover major genetic and molecular mechanisms of disease in order to prevent disease or the complications of disease. Our faculty and programs can be reviewed at http://www.uth.tmc.edu/uth_orgs/imm/index.html.

The Research Center for Immunology and Autoimmune Diseases is currently seeking a mid-career PhD, MD, or MD/PhD scientist for appointment at the senior assistant professor or associate professor level. Although all areas of mucosal immunology will be considered, we are particularly interested in immunologic research of the gut mucosa with relevance to chronic intestinal diseases. The appointment will provide substantial start-up support. On-site core facilities available to IMM faculty include a barrier vivarium, transgenic mouse services, confocal microscopy, flow cytometry and cell sorting, high-throughput DNA sequencing, and mass spectroscopy. Cross appointments in basic science and/or clinical departments of The University of Texas Health Science Center at Houston will be arranged as appropriate. Collaborations are available and encouraged with other faculty members of the Immunology Research Center as well as with faculty members of other Research Centers at the IMM (Diabetes and Obesity, Human Genetics, Cell Signaling, Cardiovascular Disease, Neurodegenerative Diseases, Nanotechnology, and Protein Chemistry).

Interested applicants should send their curriculum vita and research program description to the attention of:

Ms Barbara Hermann
Immunology Faculty Recruitment
The Brown Foundation Institute of Molecular Medicine
The University of Texas Health Science Center at Houston
1825 Pressler Street, Suite 205
Houston, Texas 77030

The University of Texas is an EO/AA employer. M/F/D/V. This is a security-sensitive position and thereby subject to Texas Education Code §51.215. A background check will be required for the final candidate.

Miltenyi Biotec

Miltenyi Biotec, founded in 1989, is an internationally operating biotechnology company located in Bergisch Gladbach near Cologne, Germany; with subsidiaries and numerous distribution partners worldwide. More than 1,100 employees develop, produce and sell innovative products for cell research. The portfolio comprises reagents, instruments, and services for biomedical research and clinical applications, focussed on cell separation, immunotherapy, and tissue regeneration. To strengthen our marketing team for research products in Bergisch Gladbach, we are looking for a

Product Manager (m/f) Immunology/T cells

In this position, you will be responsible for products for T cell research within our core business area. You will develop marketing strategies for the worldwide launch of new products, refine existing concepts, perform market analyses, conceive marketing plans, and ensure their execution. You will oversee product development in the field of T cell research from R&D to market introduction, independently conduct seminars, workshops, presentations, and support our international sales departments. You hold a PhD in immunology, cell biology, or a related field, with a minimum of 2 years' experience in sales and/or marketing. Excellent communication skills, fluency in spoken and written English, and a willingness to travel frequently are prerequisites for this job in an international environment. You will have the opportunity to work on advanced technologies with highly motivated colleagues in a dynamic, expanding biotechnology company. If you consider yourself a team player and feel ready for this challenge, please send us your resume to the following address:

Miltenyi Biotec GmbH, Human Resources, Friedrich-Ebert-Straße 68,
51429 Bergisch Gladbach, Germany recruiting@miltenyibiotec.de
