AAI Courses in Immunology

The American Association of Immunologists

2009 Introductory Course in Immunology

June 19-25, 2009

The University of Pennsylvania, Philadelphia, PA

Don't miss the most comprehensive introduction to immunology available!

An intensive course taught by world-renowned teachers and researchers in immunology. This two-part course provides a comprehensive overview of the basics on immunology for students new to the discipline or seeking more information to complement general biology or science training. Upon completion, students will have the tools necessary to understand and discuss current concepts and methods in immunology.

Part I (June 19-22) is a comprehensive introduction to the basic principles of immunology and is suitable for students with a general biology background. Part II (June 23-25) is a lecture course covering major areas of immunology and will require an understanding of basic immunology. Parts I and II may be taken independently at the discretion of the student. Course and registration details to be announced.

Course Director: Terri M. Laufer, M.D., University of Pennsylvania School of Medicine

The American Association of Immunologists

2009 Advanced Course in Immunology

July 26-31, 2009

The University of Minnesota, Minneapolis, MN

This intensive course is designed for serious students of immunology. Leading experts present recent advances in understanding the biology of the immune system and its role in health and disease. This course is directed toward advanced trainees and scientists who wish to expand or update their understanding of the field. This is not an introductory course and attendees will need to have a firm understanding of the principles of immunology. Course and registration details to be announced.

Course Director: Kristin A. Hogquist, Ph.D., University of Minnesota Center for Immunology

Co-Course Director: Yoji Shimizu, Ph.D., University of Minnesota Center for Immunology

AAI... *Working for You!*

The mission of The American Association of Immunologists (AAI) is to advance the knowledge of immunology and related disciplines, foster interchange of ideas and information among scientists, and promote understanding of the field of immunology.

REGULAR MEMBERSHIP BENEFITS

- Membership in the largest and most prestigious professional association of immunologists in the world
- Effective representation! Your views and concerns on research funding and science policy are brought to Congress and federal agencies by professional staff and member-driven committees who work together to advance immunology research and address issues that affect member careers
- Voting privileges in AAI elections and actions
- Eligibility for prestigious AAI career and travel awards
- Eligibility to serve on AAI committees; help determine the direction of AAI and serve the larger scientific community
- Reduced registration and abstract submission fees to the AAI annual meetings
- Privilege of leading major sessions at the AAI annual meetings
- Reduced registration fees to the AAI Introductory and Advanced Immunology Courses
- A subscription to *The Journal of Immunology* (print and/or online) and access to the full digital archive
- Inclusion in, and online access to, the FASEB Directory of Members
- No submission fee for manuscripts submitted to *The Journal of Immunology*
- Significantly reduced color figure charges for manuscripts published in *The Journal of Immunology*
- Eligibility to serve on the Editorial Board of *The Journal of Immunology*
- Reduced subscription rates to other immunology journals and reviews
- Personal copies of the *AAI Newsletter*
- Membership in the Federation of American Societies for Experimental Biology (FASEB) and in the International Union of Immunological Societies (IUIS)

THE JOURNAL OF IMMUNOLOGY

Published by The American Association of Immunologists since 1916

*Don't miss your copy of The Journal of Immunology—
the journal for every immunologist.*

*The Journal of Immunology (The JI) is the 16th most cited journal
of all 6,417 scientific journals.*

— Journal Citation Reports 2007, Science Edition

*The JI is the definitive record for research progress in immunology. Original
peer-reviewed articles reporting studies in basic and clinical immunology include:*

- CUTTING EDGE
- CELLULAR IMMUNOLOGY
AND IMMUNE REGULATION
- MOLECULAR AND STRUCTURAL
IMMUNOLOGY
- IMMUNOGENETICS
- HOST DEFENSE
- INFLAMMATION
- CLINICAL IMMUNOLOGY

and **SPECIAL SECTIONS**

- IN THIS ISSUE
- LETTERS TO THE EDITOR
- PILLARS OF IMMUNOLOGY
- BRIEF REVIEWS

Editor-in-Chief

Jeremy M. Boss, Ph.D.

Executive Director, AAI & Executive Editor

M. Michele Hogan, Ph.D.
