

# Spot the difference.

Ready to move from one platform to another with complete confidence?

Invitrogen's BioSource™ Luminex® Assays are the only ones benchmarked to ELISA and calibrated to NIBSC standards or published intracellular cell models for phosphoprotein activity. We also test standards before and after lyophilization, so you can count on consistent performance. With more than 150 kits to choose from and expert field support ready to work by your side, Invitrogen's Luminex® Instrument and Assays can help deepen your understanding of extracellular and intracellular proteins. See how you can cross over at [www.invitrogen.com/luminexassay](http://www.invitrogen.com/luminexassay).

# Transcriptional Mechanisms of Early Lymphocyte Development Symposium

November 5-6, 2009

The Salk Institute for Biological  
Studies, La Jolla, California

## Invited speakers:

Constanze Bonifer | Meinrad Busslinger | Eric Davidson |  
Katia Georgopoulos | Berthold Gottgens | Thomas Graf |  
Rudolf Grosschedl | Katherine Jones | Barbara Kee |  
Cornelis Murre | Warren Pear | Yuan Zhuang |

## Meeting topics:

- Multipotent progenitors
- Gene regulatory networks in hematopoietic stem cell fate decisions
- Transcriptional control of myeloid and lymphoid commitment
- Lineage specific regulatory factors
- Environmental and timing influences on cell fate decisions

## Organizers:

Ellen Rothenberg and Abcam

## Early bird deadline:

Register online before July 14, 2009  
to benefit from the reduced  
early bird fees.

## Register at:

13<sup>th</sup> International Conference on Lymphocyte Activation and Immune Regulation  
**INFLAMMASOME AND INFLAMMATION**

February 5-7, 2010

Fairmont Newport Beach Hotel, Newport Beach, CA 92660

**Scientific Organizing Committee:** Charles Dinarello   Vishva Dixit   Sudhir Gupta   Daniel Kastner  
William Paul   Jurg Tschopp

**Topics:**

- NLRs
- NALPs
- Signaling in Inflammasome
- Inflammation and Diseases

**Speakers:** Alan Aderem, Emad Alnemri, Shizuo Akira, Charles Dinarello, Vishva Dixit, Katherine Fitzgerald, Richard Flavell, Sudhir Gupta, Daniel Kastner, Eiske Latz, Ruslan Medzhitov, Luke O'Neill, Gabriel Nunez, William Paul, Caetano Reis e Sousa, John Reed, Richard Spritz, Jurg Tschopp, Russell Vance

**Registration:** Registration is limited to 150 participants on a first-come, first-serve basis. The deadline for early registration is October 1, 2009. Cancellations will be accepted up to December 1, 2009. However, a processing fee of \$50 will be deducted from the refund. No refunds after December 1, 2009. The registration is non-transferable. Please fill out the attached registration form and submit with your payment. **Registration includes conference portfolio, continental breakfast, lunch, coffee break, and a reception during poster session.**

**Hotel Accommodations and Travel:** A block of rooms has been reserved at a special rate of \$170+ tax/night single or double at The Fairmont, Newport Beach (conference site), 4500 MacArthur Boulevard, Newport Beach, CA 92660. The hotel rates are guaranteed until January 1, 2010. Please make your reservations directly by calling the hotel at (949) 476-2001 and identifying yourself with "UCI Immunology." The hotel is a 5-minute drive from the Orange County Airport, which is served by most airline carriers. The hotel has courtesy airport shuttle service.

**Abstracts:** Abstracts in areas of conference theme are invited for poster presentation. Approximately 20 abstracts will be selected. They should be typed on plain 8 1/2" x 11" paper with a 12-pitch Arial font and single spaced. The entire title should be in block letters, followed by the names of authors with presenting author's name underlined, name of the institution, city, state, and the country. The abstracts may be sent by e-mail to [jsatouta@uci.edu](mailto:jsatouta@uci.edu). Abstracts must be received by November 30, 2009. A decision will be sent to you by December 15, 2009.

For Further Information:

Please contact Ms. Jacqueline Satoutah at Tel: (949) 824-5818

Fax: (949) 824-4362 • E-mail: [jsatouta@uci.edu](mailto:jsatouta@uci.edu)

# BD Influx cell sorter

Flow cytometry that adapts to your way of thinking

Helping all people  
live healthy lives

## A configurable and flexible fit for your site and application needs

Unique discoveries demand an open mind—and a platform that adapts easily to your requirements. The BD Influx™ cell sorter offers a powerful combination of detection capability, sorting performance, and hands-on control. This compact instrument has big potential, offering 5 laser ports, replaceable nozzle assemblies, and quick-exchange fluidics with gamma-irradiated tubing.

An optional HEPA-filtered enclosure is available.

The BD Influx cell sorter is tailor-made to thrive on routine tasks or emerging new applications. As always, a full array of BD technical and application support is standard. Contact your BD representative or visit [bdbiosciences.com/influx](http://bdbiosciences.com/influx) to learn more.

Class I (1) laser product.

This product is for Research Use Only. Not for use in diagnostic or therapeutic procedures. BD, BD Logo and all other trademarks are property of Becton, Dickinson and Company. © 2008 BD 23-10362-00
