AAI AWARDS

*Recognizing Scientists of Distinction
in Every Career Stage*

THE AMERICAN ASSOCIATION OF IMMUNOLOGISTS

AAI in 2013 anticipates honoring close to **825** scientists for their research achievements and their professional promise by providing awards and grants of over **\$850,000!**

AAI members enjoy the opportunity to nominate a worthy colleague for recognition or apply for a travel grant in support of their own work.

You too can be a recipient of an AAI award or grant, including the *new* AAI Trainee Poster Award, for IMMUNOLOGY 2013™, the AAI Centennial Celebration—May 3–7, in Honolulu, Hawaii.

In its commitment to the cultivation of career opportunities for promising young scientists, AAI also provides travel support for talented scientists-in-training at the AAI summer immunology courses and sponsors over 100 awards at other immunology conferences.
