Corrections

Brinkman, C. C., S. J. Rouhani, N. Srinivasan, and V. H. Engelhard. Peripheral tissue homing receptors enable T cell entry into lymph nodes and affect the anatomical distribution of memory cells. 2013. *J. Immunol.* 191: 2412–2425.

In the abbreviations footnote, there is a prefix (mTyr) that was placed incorrectly. The abbreviations in question are currently written: mTyr-PSL, P-selectin ligand; Vac, vaccinia virus used encoded tyrosinase. They should read: PSL, P-selectin ligand; mTyr-Vac, vaccinia virus expressing tyrosinase. We apologize for any confusion this may have caused.
