Letter of Retraction

The following authors would like to retract the article titled "TLR4-Dependent NF-κB Activation and Mitogen- and Stress-Activated Protein Kinase 1-Triggered Phosphorylation Events Are Central to *Helicobacter pylori* Peptidyl Prolyl *cis*-, *trans*-Isomerase (HP0175)-Mediated Induction of IL-6 Release from Macrophages," by Sushil Kumar Pathak, Sanchita Basu, Asima Bhattacharyya, Shresh Pathak, Anirban Banerjee, Joyoti Basu, and Manikuntala Kundu, *The Journal of Immunology*, 2006, 177: 7950–7958.

Some of the panels in the published versions of Figs. 5 and 6 have not been faithfully represented. Due to inadequate archiving dating back almost 10 years, the authors are unable to provide the original unedited scans. The authors would like to apologize to the readers, reviewers, and editors of *The Journal of Immunology* for this error. The first author does not agree to this retraction.
