2019 ADVANCED COURSE IN IMMUNOLOGY

July 28–August 2, 2019 | Seaport World Trade Center | Boston, Massachusetts

Director: Wayne M. Yokoyama, M.D.

Washington University School of Medicine in St. Louis

Don't miss the premier course in immunology for research scientists!

This intensive course is directed toward advanced trainees and scientists who wish to expand or update their understanding of the field. Leading experts will present recent advances in the biology of the immune system and address its role in health and disease. This is not an introductory course; attendees will need to have a firm understanding of the principles of immunology.
