EDITOR-IN-CHIEF

ImmunoHorizons

The American Association of Immunologists seeks applicants for the position of Editor-in-Chief for ImmunoHorizons

ImmunoHorizons (IH) is a scholarly, peer-reviewed journal owned and published by The American Association of Immunologists (AAI) – a non-profit, professional association representing almost 8,000 scientists world-wide dedicated to the field of immunology. First published in 2017, ImmunoHorizons is fully open access and online only.

The Editor-in-Chief (EIC) is responsible for growing IH into a definitive resource within the research community. The successful candidate will have an appreciation of recent innovations and challenges in scholarly publishing and a vision for how IH will thrive. To achieve this goal, the EIC must ensure the scientific excellence of the content and the integrity of the peer-review process. To that end, the EIC will recommend an editorial board for appointment by the AAI Publications Committee and approval by the AAI Council; be responsible for the oversight of editorial conduct and the peer-review process; address concerns of authors; and make final decisions on manuscript publication. The EIC will address allegations of author misconduct and act in accordance with AAI Editorial Policies and Practices, and AAI policy.

The EIC reports to the AAI Publications Committee and to the AAI Council.

Applicants are invited from regular AAI members in good standing who have an accomplished scientific career, appropriate editorial experience, strong leadership qualities, and a vision for the future of IH. A history of reviewing for and publishing in AAI journals is required. Service as a Section Editor or Deputy Editor for The Journal of Immunology, or as a Senior Editor for IH, is a benefit.

The term of service for this position is from January 1, 2020, to December 31, 2022. There will be an overlapping period starting in November 2019 to ensure a smooth transition of responsibilities. A stipend will be provided.

Interested individuals are invited to submit an application package that includes a curriculum vitae; a succinct letter of interest and qualifications; a statement on the possible conceptual direction of ImmunoHorizons in its pursuit of scientific excellence; and innovations that may be considered. Applications will be accepted through August 15, 2019. Please mail or e-mail them to:

AAI Programs to Benefit Your Lab’s Current or Future Research

AAI Careers in Immunology Fellowship

These fellowships provide AAI member PIs with one year of salary support for a graduate student or postdoctoral fellow in their labs. Member PIs in good standing with less than $250,000 (excluding PI’s salary) in annual direct costs are eligible to apply.

Selection is based on the potential of the trainee, merit of the project, quality of the training environment, and financial need.

Direct inquiries to fellowships@aai.org.

AAI Travel for Techniques Award Program

The Travel for Techniques Award is given to member PIs, reimbursing up to $1,500 in expenses for travel to learn a new technique. Member PIs in good standing with less than $250,000 (excluding PI’s salary) in annual direct costs are eligible to apply.

Direct inquiries to awards@aai.org.

If the application deadline falls on a weekend day or a federal holiday, applications will be due on the next regular business day.

The American Association of Immunologists provides robust support for scientists through an array of fellowships, career awards, and travel grants. For more information, visit www.aai.org/awards.
