The Career Advisory Board
A RESOURCE FOR SENIOR POSTDOCS
AND EARLY-CAREER FACULTY

Have you just started your first lab? Trying to juggle research, teaching, and service?
Are you facing new and puzzling issues that an established scientist can answer?

The Career Advisory Board (CAB) is a referral service that matches senior postdocs (start of fourth year and beyond) and early-career PIs who submit requests for guidance on specific career issues with more senior scientists with experience and insights in those areas. The program is not meant to replace the mentoring programs at a scientist’s home institution, but rather to serve as a resource for senior postdocs and early-career PIs to obtain advice on a specific question from established investigators outside of their home institutions—often through a single phone call.

**ELIGIBILITY:** The CAB is open to all senior postdocs (start of fourth year and beyond) and early-faculty AAI members.

**APPLY HERE:** http://aai.org/CAB

**Selected Topics**
Balancing family and work
Timing for first grant submission
Recruiting
Handling personnel issues
Managing a lab
Finding a mentor
Building networks
Preparing for leadership
Balancing service obligations
Teaching
Serving on NIH study sections
Connect with AAI!

Want to hear the latest from The American Association of Immunologists? You can find AAI and its journals, The Journal of Immunology and ImmunoHorizons, through your favorite social media channels:

@ImmunologyAAI @J_Immunol @ImmunologyAAI @ImmunoHorizons

If you’d like to join the AAI email list, please email infoaai@aai.org.

GRIP

Get a GRIP: An AAI program designed to help new investigators prepare their NIH grant proposals

The AAI Grant Review for Immunologists Program (GRIP) offers new principal investigators (PIs) access to established PIs for guidance in preparing grant proposals as they embark on their independent careers. Early-career PIs (assistant professors or equivalents) are invited to submit their grants’ “Specific Aims” pages to the GRIP coordinator who, with the assistance of a small volunteer subcommittee, will attempt to match each topic of the proposal with the research experience of an established PI. Matches will be made as quickly as possible to allow participants to meet upcoming NIH grant deadlines. Participation is open only to AAI regular members and is strictly voluntary. The program is not intended to supplant internal mentoring programs at applicants’ institutions.

To apply, please send your CV and the grant’s “Specific Aims” page to infoaai@aai.org. (please write “GRIP” in the subject line)

To volunteer as a mentor, please send your CV and a brief description of your grant-reviewsing experience to infoaai@aai.org. (subject line “GRIP”)

Program details at aai.org/Education/GRIP
**SPECIAL DISCOUNTS FOR AAI MEMBER AUTHORS**

**WAIVER OF MANUSCRIPT SUBMISSION FEE**

Corresponding authors who are regular, associate, emeritus, or honorary AAI members in good standing on the date of manuscript submission to *The Journal of Immunology* receive a waiver of the $50 submission fee.

**REDUCED CHARGES FOR COLOR FIGURES**

Corresponding authors who are regular, associate, emeritus, or honorary AAI members in good standing on the date their manuscript is accepted for publication in *The Journal of Immunology* receive a $300 reduction in the cost of each color figure.
