You have the power.

Your membership in the American Association of Immunologists helps advance the field—and your career. Being a part of AAI enables you to take an active role in helping to shape the future of immunology and attain your professional goals. You'll stand with members representing immunological research concerns on Capitol Hill. Plus, you gain access to:

- The best and brightest minds today.
- The world's largest annual all-immunology meeting.
- The Journal of Immunology, the preeminent peer-reviewed journal in the field, and ImmunoHorizons, the open-access, fully peer-reviewed AAI journal.
- Many occasions and opportunities to present your research.
- Awards/fellowships/grants to support talented scientists in every career stage.

AAI Establishes COVID-19 Resources and Information Web Page

In response to the global coronavirus pandemic, AAI has established a COVID-19 Resources and Information page on its website to assist the immunology community in accessing essential pandemic resources, including articles and other information of interest to scientists and the public.

Resources and information that can be found include:
- Links to WHO and CDC websites
- AAI response to the crisis
- AAI members making news
- NIH alerts, clinical trials, and initiatives
- selected references and studies
- a global COVID-19 daily tracker
- and more

Visit the COVID-19 Resources and Information web page at www.aai.org/COVID-19-Resources.

AAI members are invited to submit stories of their research and other efforts related to COVID-19 for inclusion on this page. Please send your stories to bcoulter@aai.org. Inclusion will be at the discretion of AAI.

OPEN ACCESS PUBLISHING FROM AAI!

Have you just started your first lab? Trying to juggle research, teaching, and service? Are you facing new and puzzling issues that an established scientist can answer?

The Career Advisory Board (CAB) is a referral service that matches senior postdocs (start of fourth year and beyond) and early-career PIs who submit requests for guidance on specific career issues with more senior scientists with experience and insights in those areas. The program is not meant to replace the mentoring programs at a scientist’s home institution, but rather to serve as a resource for senior postdocs and early-career PIs to obtain advice on a specific question from established investigators outside of their home institutions—often through a single phone call.

**ELIGIBILITY:** The CAB is open to all senior postdocs (start of fourth year and beyond) and early-faculty AAI members.

**APPLY HERE:** [http://aai.org/CAB](http://aai.org/CAB)

**Selected Topics**
- Balancing family and work
- Timing for first grant submission
- Recruiting
- Handling personnel issues
- Managing a lab
- Finding a mentor
- Building networks
- Preparing for leadership
- Balancing service obligations
- Teaching
- Serving on NIH study sections
2022: Celebrating Diversity in Immunology

A collection of Brief Reviews by guest editors De’Broski R. Herbert, Ph.D., University of Pennsylvania, and Irene Salinas, Ph.D., University of New Mexico, that celebrates diversity, equity, and inclusion and showcases authors representing diverse career stages, gender identities, ethnicities, racial identities, and disciplines in immunology.
