

THE JOURNAL OF IMMUNOLOGY

Manuscripts should be typewritten and carefully revised before submission and should be sent to Dr. Arthur F. Coca, Pearl River, New York, or Dr. John C. Torrey, 1300 York Ave., New York City. Articles in French or German will be accepted for publication. A summary in English, which will be prepared by the editor on request, must accompany such articles. Preliminary reports of not more than three printed pages may be accepted for immediate publication by the editors, provided the authors pay the cost of printing, which amounts to about \$4.50 per page. This plan will cause no delay in the appearance of the normal papers.

THE JOURNAL OF IMMUNOLOGY is issued monthly. Two volumes a year are issued.

Twenty-five reprints, without covers, of articles will be furnished to contributors free of cost when ordered in advance. A table showing cost of reprints, with an order slip, is sent with proof.

Published monthly, beginning January, 1929. (From 1916-1925, and in 1928 Volumes I-X, inclusive, and Vol. XV published bi-monthly. Two volumes per year were published during 1926-1927.)

The subscription price is \$5.00 per volume. For countries outside the Postal Union, add 50 cents a volume. Two volumes ordered at the same time, \$9.00; overseas, \$10.00. The subscriptions of members of the American Association of Immunologists are included in the membership dues and are handled by the Association's Treasurer, Dr. Arthur F. Coca, Pearl River, New York. All other subscriptions should be sent to the publishers.

Claims for copies lost in the mails must be received within 30 days, domestic (90 days, foreign) of the date of issue. Changes of address must be received at least two weeks in advance of issue.

Correspondence concerning business matters should be addressed to The Williams & Wilkins Company, Publishers of Scientific Journals and Books, Mount Royal and Guilford Avenues, Baltimore, U. S. A.

New subscriptions and renewals are entered to begin with the first issue of the current volume. Should any issue of the current volume be out of print at the time the subscription order is received, the pro-rata value of such numbers will be credited to the next volume, and the renewal invoice therefore adjusted accordingly.

Subscriptions should be renewed promptly—To avoid a break in your series, subscriptions should be renewed promptly. The publishers cannot guarantee to supply back issues on belated renewals.

Subscriptions, new or renewal, should be sent to the Publishers or to Agents listed below.

AGENTS

For Argentina and Uruguay: Beutelspacher y Cia, Sarmiento 815, Buenos Aires.

For Australia: Angus & Robertson, Limited, 89-95 Castlereagh Street, Sydney.

For Belgium: Henri Lamertin, 58 Rue Coudenberg, Bruxelles.

For the British Empire, except Australia and Canada: Baillière, Tindall & Cox, 8 Henrietta St., Covent Garden, W C 2, London, England.

For Canada: Wm. Dawson & Sons, Ltd., 91 Queen Street East, Toronto.

For China: Commercial Press Ltd., Paoshan Road, Shanghai, China.

For Denmark: H. Hagerup's Boghandel, Gothersgade 30, Kjobenhavn.

For France: Emile Bougault, 48 Rue des Ecoles, Paris.

BACTO-BEEF HEART

Bacto-Beef Heart is a very polytropic product prepared expressly for use in making antigens for the various tests for syphilis. It yields uniform and stable extracts of exceptional sensitivity. Bacto-Beef Heart is best preserved in the refrigerator.

BACTO-CHOLESTEROL

Bacto-Cholesterol is a highly purified sensitizing agent. When antigens are fortified with Bacto-Cholesterol, the antigenic activity is improved without materially affecting other properties.

ANTIGENS FOR PRECIPITATION TESTS

These antigens for the various precipitation tests are sensitive, stable and uniform. They are carefully tested before release.

Bacto-Kahn Standard Antigen
Bacto-Kahn Sensitized Antigen
Bacto-Eagle Flocculation Antigen

ANTIGENS FOR COMPLEMENT FIXATION TESTS

The complement fixation test requires carefully standardized reagents at every step of the procedure. The following antigens are widely used in performing this test.

Bacto-Kolmer Antigen
Bacto-Cholesterolized Antigen
Bacto-Alcoholic Antigen
