

# THE JOURNAL OF IMMUNOLOGY

*Manuscripts* should be typewritten and carefully revised before submission and should be sent to Dr. Arthur F. Coca, Pearl River, New York, or Dr. John C. Torrey, 1300 York Ave., New York City. Articles in French or German will be accepted for publication. A summary in English, which will be prepared by the editor on request, must accompany such articles. Preliminary reports of not more than three printed pages may be accepted for immediate publication by the editors, provided the authors pay the cost of printing, which amounts to about \$4.50 per page. This plan will cause no delay in the appearance of the normal papers.

THE JOURNAL OF IMMUNOLOGY is issued monthly. Two volumes a year are issued.

*Twenty-five reprints*, without covers, of articles will be furnished to contributors free of cost when ordered in advance. A table showing cost of reprints, with an order slip, is sent with proof.

*Published monthly*, beginning January, 1929. (From 1916-1925, and in 1928 Volumes I-X, inclusive, and Vol. XV published bi-monthly. Two volumes per year were published during 1926-1927.)

*The subscription price* is \$5.00 per volume. For countries outside the Postal Union, add 50 cents a volume. Two volumes ordered at the same time, \$9.00; overseas, \$10.00. The subscriptions of members of the American Association of Immunologists are included in the membership dues and are handled by the Association's Treasurer, Dr. Arthur F. Coca, Pearl River, New York. All other subscriptions should be sent to the publishers.

*Claims for copies lost* in the mails must be received within 30 days, domestic (90 days, foreign) of the date of issue. Changes of address must be received at least two weeks in advance of issue.

*Correspondence concerning business matters* should be addressed to The Williams & Wilkins Company, Publishers of Scientific Journals and Books, Mount Royal and Guilford Avenues, Baltimore, U. S. A.

*New subscriptions and renewals* are entered to begin with the first issue of the current volume. Should any issue of the current volume be out of print at the time the subscription order is received, the pro-rata value of such numbers will be credited to the next volume, and the renewal invoice therefore adjusted accordingly.

*Subscriptions should be renewed promptly*—To avoid a break in your series, subscriptions should be renewed promptly. The publishers cannot guarantee to supply back issues on belated renewals.

Subscriptions, new or renewal, should be sent to the Publishers or to Agents listed below.

## AGENTS

*For Argentina and Uruguay:* Beutelspacher y Cia, Sarmiento 815, Buenos Aires.

*For Australia:* Angus & Robertson, Limited, 89-95 Castlereagh Street, Sydney.

*For Belgium:* Henri Lamertin, 58 Rue Coudenberg, Bruxelles.

*For the British Empire, except Australia and Canada:* Baillière, Tindall & Cox, 8 Henrietta St., Covent Garden, W C 2, London, England.

*For Canada:* Wm. Dawson & Sons, Ltd., 91 Queen Street East, Toronto.

*For China:* Commercial Press Ltd., Paoshan Road, Shanghai, China.

*For Denmark:* H. Hagerup's Boghandel, Gothergade 30, Kjobenhavn.

*For France:* Emile Bougault, 48 Rue des Ecoles, Paris.

*For Germany:* B. Westermann Co., Inc., Zimmerstrasse 35-41, Berlin SW-68.

*For Holland:* Scheltema & Holkema, Rokin 74-76, Amsterdam.

*For Japan and Korea:* Maruzen Company, Ltd. (Maruzen-Kabushiki-Kaisha), 6 Nihonbashi Tori-Nichome, Tokyo; Fukuoka, Osaka, Kyoto, and Sendai, Japan.

*For Spain:* Ruiz Hermanos, Plaza de Santa Ana, 13, Madrid.

## THE WILLIAMS & WILKINS COMPANY

*Publishers of Scientific Books and Periodicals*

BALTIMORE, U. S. A.

PUBLISHERS OF: *Medicine, Journal of Urology, Journal of Pharmacology and Experimental Therapeutics, American Journal of Tropical Medicine, Journal of Immunology, Journal of Industrial Hygiene, Quarterly Review of Biology, Journal of Bacteriology, Annals of the Pickett-Thompson Research Laboratory, Chemical Reviews, Soil Science, Social Forces, Personnel Journal, Journal of Comparative Psychology, Mental Measurement Monographs, Studies in Psychology and Psychiatry, Occupational Therapy and Rehabilitation, Child Development, The American Journal of Clinical Pathology, Journal of Physical Chemistry.*

## INGREDIENTS

### BACTO-BEEF EXTRACT

Bacto-Beef Extract is a highly nutritive product. It is standardized expressly for use in the preparation of bacteriological culture media. In a 0.3 per cent. solution it is sparkling clear and requires no adjustment of reaction.

### BACTO-YEAST EXTRACT

Bacto-Yeast Extract is a very satisfactory stimulator of bacterial growth. It is widely used in culture media for organisms which do not ordinarily grow luxuriantly. It is used to replace beef extract in culture media formulae, and is usually employed in the same concentrations.

### BACTO-PEPTONE

Bacto-Peptone has become the standard American peptone. It is rich in its content of available amino acids. In the concentrations ordinarily required for media it is completely soluble and has a reaction of pH 7.0.

### NEOPEPTONE, DIFCO

Neopeptone has a nitrogen content which is well adapted to the needs of the pathogenic organisms. It is free from the toxic fractions which interfere with the growth of delicate pathogenic organisms. Such organisms as the Pneumococcus grow luxuriantly from minute inocula in media containing Neopeptone.

### BACTO-AGAR

Bacto-Agar is prepared expressly for use in making bacteriological culture media. It is manufactured from selected material and is purified of all extraneous matter. It is in convenient granular form. For ordinary purposes no filtration is required.
