

Versatile by design

Deriving precursor cells from embryonic and induced pluripotent stem cells is no trivial task. Discover how researchers across the world have used the Sony MA900 Multi-Application Cell Sorter to empower their stem cell research.

This information is current as of September 17, 2021.

Why *The JI*? [Submit online.](#)

- **Rapid Reviews! 30 days*** from submission to initial decision
- **No Triage!** Every submission reviewed by practicing scientists
- **Fast Publication!** 4 weeks from acceptance to publication

**average*

The Journal of Immunology is published twice each month by The American Association of Immunologists, Inc., 1451 Rockville Pike, Suite 650, Rockville, MD 20852. All rights reserved. Print ISSN: 0022-1767 Online ISSN: 1550-6606.

CONTENTS

NUMBER 1, JANUARY, 1923

On Local and General Immunity. Frederick P. Gay.....	1
Hereditary Blood Qualities: Statistical Considerations. Reuben Ottenberg.	11
The Relation of Antigen to Antibody (Precipitin) in Vitro. Eugene L. Opie.	19
Observations on the Protective Action of Normal Serum in Experimental Infection with <i>Bacillus diphtheriae</i> . T. J. Mackie.....	35
Hepatic Reactions in Anaphylaxis. I. Vaso-motor Reactions in the Isolated Canine Liver. W. H. Manwaring and Selling Brill.....	47
The Relation of Antigen to Antibody (Precipitin) in the Circulating Blood. Eugene L. Opie.....	55

NUMBER 2, MARCH, 1923

Physiological Adaptations of Fixed-Tissues in Anaphylaxis and Immunity. I. Reactions of the Isolated Rabbit Heart to Cobra Venom. W. H. Manwaring and T. B. Williams.....	75
Study of Microbic-Tissue Affinity by Perfusion Methods. W. H. Manwaring and William Fritschen.....	83
The Prophylactic Action of Atropine Sulphate upon the Anaphylactic and Allergic Reactions of the Excised Uterus of Virgin Guinea-Pigs. O. O. Stoland and N. P. Sherwood.....	91
Further Studies upon the Complement Fixation Test in Chronic Gonorrhoea in Women. M. A. Wilson, Mary V. Forbes and Florence Schwartz.....	105
Hepatic Reactions in Anaphylaxis. II. The Hepatic Mechanical Factor in Peptone Shock. W. H. Manwaring, Selling Brill and Walter H. Boyd..	121
Hepatic Reactions in Anaphylaxis. III. Extra-Hepatic Mechanical Reactions in Peptone Shock. W. H. Manwaring and Walter H. Boyd.....	131
Bacterial Anaphylaxis. Noble P. Sherwood and O. O. Stoland.....	141
Observations on a Substance in Immune Horse Serum which Interferes with Alexin Fixation. Hans Zinsser and Julia T. Parker.....	151

NUMBER 3, MAY, 1923

On the Classification of the Phenomena of Hypersensitiveness. Arthur F. Coca and Robert A. Cooke.....	163
Studies on the Toxicity of Human Blood Plasma for Guinea-Pigs. III. The Toxicity of Human Blood Plasma in the Various Stages of Pulmonary Tuberculosis. S. A. Levinson.....	183
Hepatic Reactions in Anaphylaxis. IV. The Dominant Reacting Tissues in Peptone Shock. W. H. Manwaring, Wilfred S. Clark and Russell C. Chilcote.....	191

Serological Factors of Natural Resistance in Animals on a Deficient Diet. George H. Smith and Isabel M. Wason.....	195
Biological Reactions of X-rays. Effect of X-rays on the Rates of Specific Hemolysis. Karl F. Cori and G. W. Pucher.....	201
Hepatic Reactions in Anaphylaxis. V. Mechanism of the Increased Hepatic Resistance during Canine Peptone Shock. W. H. Manwaring, W. O. French and Selling Brill.....	211
Hepatic Reactions in Anaphylaxis. VI. Histamine Reactions in Isolated Canine Tissues. W. H. Manwaring, R. E. Monaco and H. D. Marino.	217
Zone Phenomenon in Complement Fixation with "Residue" Antigens. Julia T. Parker.....	223
Hepatic Reactions in Anaphylaxis. VII. Quantitative Changes in the Hepatic Parenchyma during Canine Peptone Shock. W. H. Manwaring, H. M. Hosepian and A. C. Beattie.....	229
Hepatic Reactions in Anaphylaxis. VIII. Anaphylactic Reactions in Iso- lated Canine Organs. W. H. Manwaring, R. C. Chilcote and V. M. Hosepian.....	233

NUMBER 4, JULY, 1923

Some Relations between Hydrogen Ion Concentration and the Antigenic Properties of Proteins. I. S. Falk and M. F. Caulfield.....	239
Complement-deficient Guinea-pig Serum. Roscoe R. Hyde.....	267
Studies in Specific Hypersensitiveness. X. Relative Susceptibility of the American Indian Race and the White Race to Poison Ivy. Olin Deibert, E. F. Menger and A. M. Wigglesworth.....	287
On the Biochemical Race-index of Koreans, Manchus and Japanese. Ho- zumi Fukamachi.....	291
The Vaccine Treatment of Asthma. Francis M. Rackemann and Lillian B. Graham.....	295
Serological Reactions in Isolated Rabbit Lungs. I. Reactions to Histamine and to Vaughan's Protein Split Product. W. H. Manwaring and H. D. Marino.....	317

NUMBER 5, SEPTEMBER, 1923

Studies in Endothelial Permeability. I. The Effect of Epinephrin on Endo- thelial Permeability. W. F. Petersen, S. A. Levinson and T. P. Hughes.	323
Studies in Endothelial Permeability. II. The Rôle of the Endothelium in Canine Anaphylactic Shock. William F. Petersen and S. A. Levinson.	349
Studies in Endothelial Permeability. III. The Modification of the Thoracic Lymph Following Portal Blockade. William F. Petersen, R. H. Jaffé, S. A. Levinson and T. P. Hughes.....	361
Studies on Endothelial Permeability. IV. The Modification of Canine Ana- phylactic Shock by Means of Endothelial Blockade. W. F. Petersen, R. H. Jaffé, S. A. Levinson and T. P. Hughes.....	367
Studies on Endothelial Permeability. V. The Effect of Peptone on the Per- meability of the Endothelium. W. F. Petersen, R. H. Jaffé, S. A. Levin- son and T. P. Hughes.....	377

CONTENTS

v

Studies on Endothelial Permeability. VI. Alterations of the Thoracic Lymph Following the Injection of Old Tuberculin in Normal and Tuberculous Dogs. W. F. Petersen, R. H. Jaffé, S. A. Levinson and T. P. Hughes..... 387

The Failure of Peptone to Protect Against Anaphylactic Shock and Allergic Conditions. Nils P. Larsen, A. V. R. Haigh, Harry L. Alexander and Royce Paddock..... 409

NUMBER 6, NOVEMBER, 1923

A Dangerous "Universal Donor" Detected by the Direct Matching of Bloods. Philip Levine and Jennie Mabee..... 425

Environmental Conditions Influencing Complement Fixation. J. W. McMeans..... 433

The Inhibition Zone in Precipitin Reactions with the Soluble Specific Substance of Pneumococcus. Hugh J. Morgan..... 449

Observations on the Anaphylactogenic Properties of Rye Pollen (*Secale Cereale*). M. E. Alexander..... 457

Human Hypersensitiveness to Different Proteins of Horse Serum. Sanford B. Hooker..... 469

A Hitherto Undescribed Pair of Isoagglutination Elements in Human Beings. Arthur F. Coca and Hyman Klein..... 477

A Study of the Occurrence of the Blood Groups among the American Indians. Arthur F. Coca and Olin Deibert..... 487

Agglutinins for *Bacterium pullorum* in Hens' Eggs. F. R. Beaudette..... 493

Production of Monovalent Botulinus Antitoxic Serum Types A and B. M. W. Wheeler..... 501
