

THE JOURNAL OF IMMUNOLOGY

Information for Contributors

Manuscripts should be carefully revised and the original should be sent to

DR. JOHN Y. SUGG
Journal of Immunology
Cornell Medical College
1300 York Ave.
New York 21, N. Y.

Authors will be charged for space in excess of 10 printed pages and also for all illustrations and tabular or graphic matter in excess of 10 per cent of the pages in each article.

Author's alterations of type or illustrations on proof are charged to the author if in excess of an average of \$1.00 per printed page; correction of printer's errors are not charged to the author.

Reprints must be ordered in advance. A table showing cost of reprints, with an order slip, is sent with proof. Orders for purchased reprints must be limited to 1,000 copies. The invoice for reprints will also include charges for illustrations, excess pages and tabular matter, if any.

Instructions for the Preparation of Manuscript

Copy should be typed double-spaced on one side only of 8½ x 11 paper. Even material that is to be set in a type size smaller than that of the main text (footnotes, references, etc.) should be double-spaced.

The author should supply a short title for use as a running head. This should be typed on a separate sheet as the first page of manuscript. Type the complete title of the article on a second sheet, and the authors' names and affiliations on a third sheet. All material that is to be set in a type size different from that of the main text should be typed on separate sheets. This includes tabular matter, case histories, quotations, formulas and other subsidiary matter in the text, footnotes, bibliographies, and legends for illustrations. *Displayed formulas which are to be built up to more than one line of type, even if they are the same size type as the text, should be on a separate page. Legends should not be attached to or written on the illustration copy. Positions for tables and figures in the text may be indicated in the margin of the text page.*

Manuscripts that do not conform to these instructions will be cut and rearranged so that the matter to be set in different sizes of type can be separated.

Galley proof. Authors will receive galley proofs of their papers set separately as outlined above. Galleys will be arranged in the following order: tables, running heads, footnotes, figure legends, text, bibliography. All material that has been cut from the body of the text will be inserted in its proper place in the galleys. This includes formulas, quotations, case histories, and other subsidiary matter. Manuscript will be arranged in this order: formulas, tables, footnotes, figure legends, text inserts including bibliography, text.

Illustrations. Copy for illustrations should be unmounted glossy photographs clearly identified as to number, author's name, and top of figure in soft crayon on the back. Graphs should be in India ink on bluelined paper. If larger than 9 x 12", they must be accompanied by glossy photographs within this size.

IMMUNOLOGY

Official Journal of the BRITISH SOCIETY FOR IMMUNOLOGY

Editor: J. R. MARRACK

VOL. V, NO. 5

CONTENTS

SEPTEMBER 1962

Antigenic analysis of rheumatoid factor. D. S. ROWE

Partial purification of opsonins in pig serum to a strain of *Salmonella typhimurium*.
D. ROWLEY AND C. R. JENKIN

Classification of blood-group antibodies as β_2M or γ globulin. M. ADINOLFI,
MARGARET J. POLLEY, DENISE A. HUNTER AND P. L. MOLLISON

Non-precipitating rabbit antibodies: A study of their reactivity *in vitro* by means of
the quantitative precipitin and tannic acid haemagglutination techniques.
LORRAINE G. FISET

The serological specificity of the cornea. D. NELKEN AND EDITH NELKEN

The quality of antibody produced by transferred cells. HOWARD M. GREY

Effect of various penicillin compounds on haemagglutination of penicillin-coated
erythrocytes. K. C. WATSON

Pure suspension of *Toxoplasma gondii* for use in complement-fixation test. J. D.
FULTON AND R. N. P. SUTTON

*The subscription price in the United States and Canada is \$20.00
for the annual volume of six parts (Single copies \$4 each)*

*Conclusions and recommendations
from an important symposium...*

Cannon et al.: PROCEEDINGS OF A SYMPOSIUM ON IMMUNIZATION IN CHILDHOOD

"A number of diseases resulting from bacterial or viral infection can now be prevented by means of vaccines and toxoids, and the problem of administering these to the best advantage, and with the least inconvenience to the recipients, has become complex and difficult. The time has come to assess all the evidence which has accumulated, and to attempt to reach agreement on certain basic principles which must be observed in all inoculation schedules. The Symposium was organized with this object in view."—*From the Foreword*

Edited by D. A. CANNON, *Medical Adviser, Wellcome Research Laboratories, Kent;*
W. C. COCKBURN, *Director, Epidemiological Research Laboratory, Central Public Health Laboratory, London;*
D. G. EVANS, *Director, Biological Standards Control Laboratories, Medical Research Council, London;*
and H. J. PARRISH, *Clinical Research Director, Wellcome Research Laboratories, Kent.*

THE WILLIAMS & WILKINS COMPANY
BALTIMORE 2, MARYLAND

THE JOURNAL OF IMMUNOLOGY

Information for Subscribers

Published monthly, beginning January, 1929. (From 1916-1925, and in 1928 Volumes I-X, inclusive, and Vol. XV published bi-monthly.)

The subscription price is \$18.00 per year in U.S.A.; \$18.75 in Canada; \$19.50 elsewhere. Single copies, when available, are \$2.25 in U.S.A.; \$2.50 elsewhere. The subscriptions of members of the American Association of Immunologists are included in the membership dues and are handled by the Association's Treasurer, Dr. Byron H. Waksman, Massachusetts General Hospital, Boston 14, Mass. All other subscriptions should be sent to the publishers.

Change of address: Publisher must be notified 60 days in advance. Journals undeliverable because of incorrect address will be destroyed. Duplicates can be obtained (if available) from the publisher at the regular price of single issues.

New subscriptions and renewals are entered to begin with the first volume of the year when subscription is received. Should any issue of the current volume be out of print at the time the subscription order is received, the pro-rata value of such numbers will be refunded to the subscriber.

Subscriptions should be renewed promptly: To avoid a break in your series, subscriptions should be renewed promptly. The publishers cannot guarantee to supply back issues on belated renewals.

Correspondence concerning all business matters should be addressed to
