Information for Contributors

Manuscripts should be carefully revised and the original and one carbon sent to

DR. JOHN Y. SUGG
Journal of Immunology
Cornell Medical College
1300 York Ave.
New York 21, N. Y.

Authors will be charged \$35.00 per page for all pages in excess of 6 per article.

Author's alterations of type or illustrations on proof are charged to the author if in excess of an average of \$1.00 per printed page; correction of printer's errors are not charged to the author.

Reprints must be ordered in advance. A table showing cost of reprints, with an order slip, is sent with proof. Orders for purchased reprints must be limited to 1,000 copies. The invoice or reprints will also include charges for illustrations, excess pages and tabular matter, if any

Instructions for the Preparation of Manuscript

Copy should be typed double-spaced on one side only of 8½ x 11 paper. Even material that is to be set in a type size smaller than that of the main text (footnotes, references, etc.) should be double-spaced.

The author should supply a short title for use as a running head. This should be typed on a separate sheet as the first page of manuscript. Type the complete title of the article on a second sheet, and the authors' names and affiliations on a third sheet. All material that is to be set in a type size different from that of the main text should be typed on separate sheets. This includes tabular matter, case histories, quotations, formulas and other subsidiary matter in the text, footnotes, bibliographies, and legends for illustrations. Displayed formulas which are to be built up to more than one line of type, even if they are the same size type as the text, should be on a separate page. Legends should not be attached to or written on the illustration copy. Positions for tables and figures in the text may be indicated in the margin of the text page.

Manuscripts that do not conform to these illustrations will be cut and rearranged so that the matter to be set in different sizes of type can be separated.

Galley proof. Authors will receive galley proofs of their papers set separately as outlined above. Galleys will be arranged in the following order: tables, running heads, footnotes, figure legends, text, bibliography. All material that has been cut from the body of the text will be inserted in its proper place in the galleys. This includes formulas, quotations, case histories, and other subsidiary matter. Manuscript will be arranged in this order: formulas, tables, footnotes, figure legends, text inserts including bibliography, text.

Illustrations. Copy for illustrations should be glossy photographs clearly identified as to number, author's name, and top of figure in soft crayon on the back. Graphs should be in India ink on bluelined paper. If larger than 9 x 12", they must be accompanied by glossy photographs within this size.

Electron and photomicrographs. It is possible to order extra quality reproduction for these, consisting of 150-screen halftones, a better grade of paper, and slowed presses for controlled quality. Cost is dependent on the number and kind of illustrations and could run as high as \$120.00 per single page. Cost *per page* decreases with the number of pages. An estimate for your particular illustrations can be obtained when your manuscript is submitted for publication.
